SEAL OF THE CITY
OF
BOSTON

10 May '72

THE CITY SEAL

As it appeared prior to 1827

The City Seal was adopted by "An Ordinance to Establish the City Seal," passed January 2, 1823, which provides "That the design hereto annexed, as sketched by John R. Penniman, giving a view of the City, be the device of the City Seal; that the motto be as follows, to wit: 'Sicut patribus sit Deus nobis'; and that the inscription be as follows:—'Bostonia condita, A.D. 1630. Civitatis regimine donata, A.D. 1822.'" The motto is taken from 1 Kings, viii, 57: "God be with us as He was with our fathers."

The seal as it first appeared is shown above.

The seal as it was afterwards changed, and has ever since continued to be used, was first shown on page 221 of the volume of laws and ordinances, commonly known as the "First Revision," published in 1827, and is established as the City Seal at the present time by Revised Ordinances of 1914, Chapter 1, Section 5, which provides that "The seal of the City shall be circular in form; shall bear a view of the City; the motto 'SICUT PATRIBUS SIT DEUS NOBIS,' and the inscription, 'BOSTONIA CONDITA, A.D. 1630. CIVITATIS REGIMINE DONATA A.D. 1822,' as herewith shown."

The seal as changed in 1827 is shown on the opposite page.

ORIGIN AND GROWTH OF BOSTON

The Royal Patent incorporating the Governor and Company of Massachusetts Bay in New England passed the seals March * 4, 1628-29. At a General Court, or Meeting of the Company, on August * 29 of that year it was voted "that the Government and patent should be settled in New England." To that end Governor Winthrop led the Puritan Exodus in 1630. Soon after his arrival at Salem on June * 12, 1630, he proceeded with a large following to Charlestown, where a plantation had been established the summer before. The Assistants held three Courts at Charlestown in the interval, August * 23 to September * 28, inclusive. At their meeting on September * 7, they "ordered that Trimountaine shall be called Boston; Mattapan, Dorchester; and the towne upon Charles River, Waterton." Thus Shawmut of the Indians was named Boston, probably out of gratitude to the Merchants of Boston in Lincolnshire, who had subscribed generously to the stock of the Company.

In the latter part of August, Governor Winthrop with the patent chose Boston as his abiding place. The first "Court" held in Boston was a "General Court" on October * 19, "for establishing of the government." On October * 3, 1632, Boston was formally declared to be "the fittest place for publique meetings of any place in the Bay."

Boston was the first town in Massachusetts to become a city. It was incorporated February 23, 1822, by St. 1821, c. 110, adopted by the voters March 4, 1822. This act was revised by St. 1854, c. 448; amended by St. 1885, c. 266, again by St. 1909, c. 486, and again by St. 1948, c. 452 as amended by St. 1951, c. 376.

The neck of land called Boston, still called Boston Proper, contained perhaps 700 acres of land, judging from the 783 acres shown by the official survey of 1794. (In the interval 1630-37, Boston acquired jurisdiction over most of the territory now included in Chelsea, Winthrop, Revere, East Boston, Brookline, Quincy, Braintree, Randolph and Holbrook, besides certain islands in the harbor.) From 1637 till May 13, 1640, when "Mount Woollaston" was set off as Braintree, Boston exercised jurisdiction over a territory of at least

* Old Style.

40,000 acres. Within its present limits there are 30,598 acres, including flats and water.

Since 1640, grants of land have been made to Boston by the General Court as follows: (1) October * 16, 1660, 1,000 acres "for the use of a free schoole, layd out in the wilderness or North of the Merimake River" (in Haverhill), in 1664. (2) June * 27, 1735, in abatement of Province Tax, three townships, each six miles square, or 69,120 acres in all. These townships later became the Towns of Charlemont, Colrain, and Pittsfield. Boston sold its interest in them on June * 30, 1737, for £3,660. (3) June 26, 1794, a township of land in Maine (23,040 acres) "to build a public hospital." This tract was sold by the City April 6, 1833, for \$4,200.

Muddy River was set off as the Town of Brookline on November * 13, 1705, and Rumney Marsh was set off as the Town of Chelsea January * 8, 1739.

The principal annexations of territory included within the present limits of the City of Boston have been made as follows:

(1) Noddle's Island by order of Court of Assistants, March * 9, 1636-37. (2) South Boston set off from Dorchester March 6, 1804, by St. 1803, c. 111. (3) Washington Village set off from Dorchester May 21, 1855, by St. 1855, c. 468. (4) Roxbury January 6, 1868, by St. 1867, c. 359, accepted September 9, 1867. Roxbury received its name by order of the Court of Assistants October * 8, 1630. It was incorporated as a city March 12, 1846, by St. 1846, c. 95, accepted March 25, 1846. (5) Dorchester January 3, 1870, by St. 1869, c. 349, accepted June 22, 1869. It received its name September * 7, 1630, by order of the Court of Assistants. (6) Brighton January 5, 1874, by St. 1873, c. 303, accepted October 7, 1873. Set off from Cambridge as the Town of Brighton February 24, 1807, by St. 1806, c. 65. (7) Charlestown January 5, 1874, by St. 1873, c. 286, accepted October 7, 1873. Settled July * 4, 1629. It was incorporated a City February 22, 1847, by St. 1847, c. 29, accepted March 10, 1847. (8) West Roxbury January 5, 1874, by St. 1873, c. 314, accepted October 7, 1873. It was set off from Roxbury and incorporated a Town May 24, 1851, by St. 1851, c. 250. (9) Hyde Park January 1, 1912, by St. 1911, c. 469, and 583, accepted November 7, 1911. Incorporated a Town April 22, 1868.

INTRODUCTION

As a public document THE MUNICIPAL REGISTER is as old as the City of Boston itself, the first volume having been published in 1821, a year before the government of Boston changed from Town to City. Up to 1940 the title of the volume was: The Rules and Orders of the Common Council. From 1821 to 1829 the document contained merely a register of the City Council and a list of the officers.

In 1829 the City Charter was published as a part of the volume, and in 1830 the Acts relating to Boston, also the ordinances, were added. In 1832 the size of the volume was increased by the addition of an index to the contents. The volume published in 1822 contained fifteen pages and for the year 1840 there were eighty-eight pages, including three pages of index.

The title THE MUNICIPAL REGISTER was adopted in 1841 when the publication became more ambitious, incorporating in its pages the Rules and Orders of the Common Council, joint rules, ordinances of the City, statutes of the Commonwealth relating to the City, a list of the public schools, the City Government of 1841, the committees and departments (consisting at that time of the treasury, law, police, health, public land and buildings, lamps and bridges, fire, and public charitable institutions), and a list of the ward officers.

From 1842 to 1864 it also contained a list of the members of preceding City Governments, a necrological record of those members, the latest ordinances and the special statutes relating to the City. In 1851 a list of the annual orators was added, and in 1853 a map of the City and the Rules of the Board of Aldermen. In 1876, statistics of registration and voting were included, carried from 1879 to 1924 in tabulated form.

From 1889 to 1896, inclusive, THE MUNICIPAL REGISTER also continued a compilation of the Charter with the revision of 1854 and the amendments of 1885 and thereafter. The Amended Charter of 1909 (15 pages)

was added in 1910, and the various changes since that year have been indicated by footnotes.

In 1924 the important amendments to the Charter enacted in that year (10 pages) were included.

The 1925 volume contained, as the latest addition, descriptions of the ward boundaries as fixed for the 22 new wards (formerly 26) in December, 1924.

This volume contains the City Charter as amended by Stat. 1948, Chap. 452, and Stat. 1951, Chap. 376, commonly known as Plan A, including subsequent changes.

Whenever one of the plans provided in this act shall be adopted, the fiscal year of the city shall begin on January first and shall end on December thirty-first next following; and the municipal year thereof shall begin on the first Monday in January and shall continue until the first Monday of the January next following.

PLAN A. GOVERNMENT BY MAYOR, CITY COUNCIL, AND SCHOOL COMMITTEE, ELECTED AT LARGE WITH PRELIMINARY ELECTIONS

(Plan A was adopted by the voters of the City of Boston at the Municipal Election held November 8, 1949, Yes, 146,162, No. 73,882.)

SECT. 10. The form of government provided in sections eleven to twenty inclusive, and the method of nominating and electing officials thereunder provided in sections fifty-three to sixty-five, inclusive, shall constitute and be known as Plan A under this act. When Plan A is adopted, said sections eleven to twenty, inclusive, and fifty-three to sixty-five, inclusive, shall become and be operative, subject to the provisions of section four.

SECT. 11. There shall be in the city a mayor who shall be the chief executive officer of the city, a city council of nine members which shall be the legislative body of the city, and a school committee of five members which shall have the powers and duties conferred and imposed by law.

SECT. 11A. Every person elected mayor and every person elected or chosen city councillor or school committeeman shall, before entering upon the duties of his office, take, and subscribe in a book to be kept by the city clerk for the purpose, the oath of allegiance and oath of office prescribed in the constitution of this commonwealth and an oath to support the constitution of the United States. Such oaths shall be administered, to a person elected mayor, by a justice of the supreme judicial court, a judge of a court of record commissioned to hold such court within the city or a justice of the peace, and to a person elected or chosen city councillor or school committeeman, by the mayor or any of the persons authorized to administer said oaths to a person elected mayor.

SECT. 11B. Whenever the mayor is absent from the city or unable from any cause to perform his duties, and whenever there is a vacancy in the office of mayor from any cause, the president of the city council, while such absence, inability or vacancy continues, shall perform the duties of mayor. If there is no president of the city council or if he also is absent

from the city or unable from any cause to perform such duties, they shall be performed, until there is a mayor or president of the city council or the mayor or president of the city council returns or is able to attend to said duties, by such member of the city council as that body by a vote which, for the purposes of section seventeen D, shall be deemed to be a vote electing an official, may elect, and until such elections by the city clerk. The person upon whom such duties shall devolve shall be called "acting mayor" and he shall possess the powers of mayor only in matters not admitting of delay, but shall have no power to make permanent appointments.

SECT. 12. At the next regular municipal election following the adoption of Plan A and at every second regular municipal election after a regular municipal election at which a mayor is elected, a mayor shall be elected at large to hold office for the four municipal years following the municipal year in which he is elected and thereafter until his successor is elected and qualified.

SECT. 13. If a vacancy occurs in the office of mayor within sixteen weeks prior to a regular municipal election other than a regular municipal election at which a mayor is elected, or within sixteen months after a regular municipal election, or if there is a failure to elect a mayor or a person elected mayor resigns or dies before taking office, the city council shall forthwith adopt an order calling a special municipal election for the purpose of electing at large a mayor for the unexpired term, which election shall be held on such Tuesday, not less than one hundred and twenty days nor more than one hundred and forty days after the adoption of such order, as the city council shall in such order fix. If a vacancy occurs in the office of the mayor at any other time, a mayor shall be elected at large at the next regular municipal election to hold office for a term expiring at ten o'clock in the forenoon on the first Monday of the fourth January following his election. A person elected mayor under either of the foregoing provisions shall take and subscribe the oaths required by section eleven A as soon as conveniently may be after the issuance to him of his certificate of election. Such person shall hold office from the time of taking and subscribing such oaths until the expiration of his term and thereafter until his successor is elected and qualified. The provisions of this section shall not apply if a vacancy occurs in the office of mayor in the period beginning on the date of a regular municipal election at which a new mayor is elected and ending at the time he takes office.

SECT. 13A. The mayor shall be paid an annual salary of twenty thousand dollars or such other sum as may from time to time be fixed by ordinance. The mayor shall not receive for his services any other compensation or emolument whatever; nor shall he hold any other office of emolument under the city government.

SECT. 14. At the next regular municipal election following the adoption of Plan A and at every regular municipal election thereafter, there shall be elected at large nine city councillors, each to hold office for the two municipal years following the municipal year in which he is elected.

SECT. 15.* If at any time a vacancy occurs in the city council from any cause, the city clerk shall forthwith notify the city council thereof; and within fifteen days after such notification, the remaining city councillors shall choose, as city councillor for the unexpired term, whichever of the defeated candidates for the office of city councillor at the regular municipal election at which city councillors were elected for the term in which the vacancy occurs, who are eligible and willing to serve, received the highest number of votes at such election, or, if there is no such defeated candidate eligible and willing to serve, a registered voter of the city duly qualified to vote for a candidate for the office of city councillor. If at a regular municipal election there is a failure to elect a city councillor or if a person elected city councillor at such an election resigns or dies before taking office, the city clerk shall, as soon as conveniently may be after the remaining city councillors-elect take office, notify the city council of such failure to elect, resignation or death; and within fifteen days after such notification, the members thereof shall choose, as city councillor for the unexpired term, whichever of the defeated candidates for the office of city councillor at such election, who are eligible and willing to serve, received the highest number of votes at such election, or, if there is no such defeated candidate eligible and willing to serve, a registered voter of the city duly qualified to vote for a candidate for the office of city councillor. If in any of the aforesaid events a choice is not made as hereinbefore provided within fifteen days after the notification of the city council by the city clerk, the choice shall be made by the mayor, or, if there is no mayor, by the city councillor senior in length of service, or, if there be more than one such, by the city councillor senior both in age and length of service. For the purposes of section seventeen D, votes of the city council under this section shall be deemed to be votes electing officials.

SECT. 16.† Every city councillor shall be paid an annual salary of five thousand dollars; and no other sum shall be paid from the city treasury for or on account of any personal expenses directly or indirectly incurred by or in behalf of any city councillor.

SECT. 17. The city council shall be the judge of the election and qualifications of its members; shall elect from its members by vote of a majority of all the members a president who when present shall preside at the meetings thereof; and shall from time to time establish rules for its proceedings. The member eldest in years shall preside until the president is chosen, and in case of the absence of the president, until a presiding officer is chosen.

SECT. 17A. The mayor may, whenever in his judgment the good of the city requires it, summon a meeting or meetings of the city council although said council stands adjourned to a more distant day, and shall cause suitable written notice of such meeting or meetings to be given to the city councillors.

* Sect. 15 as amended by St. 1952, c. 190.

† At present, president thirteen thousand dollars, other councillors twelve thousand five hundred dollars, under Rev. Ord. 1961, c. 2A, s. 1. Passed pursuant to G. L., c. 39, s. 6A.

SECT. 17B. The city council may, subject to the approval of the mayor, from time to time establish such offices, other than that of clerk, as it may deem necessary for the conduct of its affairs and at such salaries as it may determine, and abolish such offices or alter such salaries; and without such approval may fill the offices thus established and remove the incumbents at pleasure. The city clerk shall act as clerk of the city council.

SECT. 17C. All elections by the city council under any provision of law, including the choosing of a city councillor under section fifteen, shall be made by a *viva voce* vote, each member who is present answering to his name when it is called by the clerk or other proper officer, and stating the name of the person for whom he votes, or declining to vote, as the case may be; and the clerk or other proper officer shall record every such vote. No such election shall be valid unless it is made as aforesaid.

SECT. 17D. Every order, ordinance, resolution and vote of the city council (except special municipal election orders adopted under section thirteen, votes relating to the internal affairs of said council, resolutions not affecting legal rights, votes electing officials, and votes confirming appointments by the mayor) shall be presented to the mayor for his approval. If he approves it, he shall sign it; and thereupon it shall be in force. If he disapproves it, he shall, by filing it with the city clerk with his objections thereto in writing, return it to the city council which shall enter the objections at large on its records. Every order, ordinance, resolution and vote authorizing a loan or appropriating money or accepting a statute involving the expenditure of money, which is so returned to the city council, shall be void, and no further action shall be taken thereon; but the city council shall proceed forthwith to reconsider every other order, ordinance, resolution and vote so returned, and if, after such reconsideration, two thirds of all the city councillors vote to pass it notwithstanding the disapproval of the mayor, it shall then be in force; but no such vote shall be taken before the seventh day after the city council has entered the objections at large on its records. Every order, ordinance, resolution or vote required by this section to be presented to the mayor which, within fifteen days after such presentation, is neither signed by him nor filed with his written objections as hereinbefore provided, shall be in force on and after the sixteenth day following such presentation.

Every order, ordinance, resolution or vote required by this section to be presented to the mayor shall be approved as a whole or disapproved as a whole; except that, if the same authorizes a loan or appropriates money, the mayor may approve some of the items in whole or in part and disapprove other of the items in whole or in part; and such items or parts of items as he approves shall, upon his signing the same, be in force and such items or parts of items as he disapproves by filing with the city clerk his written objections thereto shall be void, and such items or parts of items as he neither signs nor so disapproves within fifteen days after the order, ordinance, resolution or vote shall have been presented to him shall be in force on and after the sixteenth day following such presentation.

SECT. 17E.* The mayor from time to time may make to the city council in the form of an ordinance or loan order filed with the city clerk such recommendations as he may deem to be for the welfare of the city. The city council shall consider each ordinance or loan order so presented and shall either adopt or reject the same within sixty days after the date when it is filed as aforesaid. If such ordinance or loan order is not rejected within said sixty days, it shall be in force as if adopted by the city council unless previously withdrawn by the mayor. Nothing herein shall prevent the mayor from again presenting an ordinance or loan order which has been rejected or withdrawn. The city council may originate an ordinance or loan order and may reduce or reject any item in any loan and, subject to the approval of the mayor, may amend an ordinance. All sales of land other than school lands, all appropriations for the purchase of land, and all loans voted by the city council shall require a vote of two thirds of all the city councillors and shall be passed only after two separate readings and by two separate votes, the second of said readings and votes to be had not less than fourteen days after the first, except that in the case of loan orders for temporary loans in anticipation of taxes the second of said readings and votes may be had not less than twenty-four hours after the first. No amendment increasing the amount to be paid for the purchase of land, or the amount of loans, or altering the disposition of purchase money or of the proceeds of loans shall be made at the time of the second reading and vote. If a petition signed by three city councillors requesting that action be taken forthwith upon a loan order presented by the mayor is filed in the office of the city clerk not earlier than fourteen days after the presentation of such loan order, action shall be taken by the yeas and nays on the question of the adoption of such loan order at the next meeting of the council, or, if one vote has already been taken thereon, at the next meeting after the expiration of the required interval after such vote; provided, that such action thereon has not sooner been taken or such loan order has not been withdrawn by the mayor.

SECT. 17F. The city council at any time may request from the mayor specific information on any municipal matter within its jurisdiction, and may request his presence to answer written questions relating thereto at a meeting to be held not earlier than one week from the date of the receipt of said questions, in which case the mayor shall personally, or through a head of a department or a member of a board, attend such meeting and publicly answer all such questions. The person so attending shall not be obliged to answer questions relating to any other matter. The mayor at any time may attend and address the city council in person or through the head of a department, or a member of a board, upon such subject as he may desire.

SECT. 17G. Except as otherwise provided in chapter four hundred and eighty-six of the acts of nineteen hundred and nine, neither the city council nor any member, committee, officer or employee thereof shall directly or indirectly on behalf of the city or of the county of Suffolk take part in the employment of labor, the making of contracts, or the purchase of materials,

supplies or real estate; nor in the construction, alteration, or repair of any public works, buildings, or other property; nor in the care, custody, or management of the same; nor in the conduct of the executive or administrative business of the city or county; nor in the appointment or removal of any city or county employee; nor in the expenditure of public money except such as may be necessary for the contingent and incidental expenses of the city council. Any person violating any provision of this section shall be punished by imprisonment for not more than one year, or by a fine of not more than one thousand dollars, or both.

SECT. 17H. No city councillor nor any person elected city councillor shall during the term for which he is elected or chosen, be appointed to, or hold, any office or position which is under the city government or the salary of which is payable out of the city treasury except the office of city councillor and any office held ex officio by virtue of being a member, or president, of the city council; provided, however, that nothing herein contained shall prevent a city councillor or any person elected city councillor from, during the term for which he is elected or chosen, being appointed by the governor, with or without the advice and consent of the council, to, and holding, any such office or position if before entering upon the duties of such office or position he resigns as city councillor or city councillor-elect.

SECT. 18. At the next regular municipal election following the adoption of Plan A and at every regular municipal election thereafter, there shall be elected at large five school committeemen, each to hold office for the two municipal years following the municipal year in which he is elected.

SECT. 19.* If at any time a vacancy occurs in the school committee from any cause, the mayor, the president of the city council and the remaining school committeemen, meeting in joint convention, shall, within fifteen days after the vacancy arises, choose, as school committeeman for the unexpired term, whichever of the defeated candidates for the office of school committeeman at the regular municipal election at which school committeemen were elected for the term in which the vacancy occurs, who are eligible and willing to serve, received the highest number of votes at such election, or, if there is no such defeated candidate eligible and willing to serve, a registered voter of the city duly qualified to vote for a candidate for the office of school committeeman. If at a regular municipal election there is a failure to elect a school committeeman or if a person elected school committeeman at such an election resigns or dies before taking office, within fifteen days after the remaining school committeemen-elect take office, such school committeemen and the then mayor and the then president of the city council shall meet in joint convention, and choose, as school committeeman for the unexpired term, whichever of the defeated candidates for the office of school committeeman at such election, who are eligible and willing to serve, received the highest number of votes at such election, or, if there is no such defeated candidate eligible and willing to serve, a registered voter of the city duly qualified to vote for a candidate for the office of school committeeman.

* Sect. 19 as amended by St. 1952. c. 190.

SECT. 20. The members of the school committee shall meet and organize on the first Monday of January following their election. The school committee shall be the judge of the election and qualifications of its members. The members of the school committee shall serve without compensation.

SECT. 53. Every municipal officer required by sections twelve, thirteen, fourteen and eighteen to be elected at large shall be elected at a biennial municipal election, or, in the case of a mayor for an unexpired term, at a special municipal election, after, in either case, nomination at a preliminary municipal election, except as otherwise provided in section fifty-seven C. In sections fifty-three to sixty-five, inclusive, the term "regular election" shall be construed to refer to the biennial municipal election or the special municipal election, as the case may be, and the term "preliminary election" to the preliminary municipal election held for the purpose of nominating candidates for election at such regular election. Every nomination petition sheet shall, before issuance, be prepared by the election commission by printing or inserting thereon the matter required by the first two paragraphs of the foregoing form. Not more than three hundred nomination petition sheets shall be issued to any candidate for nomination to the office of mayor under Plan A; not more than one hundred and fifty such sheets shall be issued to any candidate for nomination to the office of city councillor under Plan A or D; and not more than two hundred such sheets shall be issued to any candidate for nomination to the office of school committeeman under Plan A or D. No nomination petition sheet shall be received or be valid unless prepared and issued by the election commission; nor shall any such sheet be received or be valid unless the written acceptance of the candidate thereby nominated is endorsed thereon, anything in section three A of chapter fifty of the General Laws to the contrary notwithstanding.

SECT. 56. The nomination petition shall be signed, in the case of a candidate for mayor, by at least three thousand registered voters of the city qualified to vote for such candidate at the preliminary election, in the case of a candidate for city councillor, by at least fifteen hundred registered voters of the city qualified to vote for such candidate at such election,

and, in the case of a candidate for school committeeman, by at least two thousand registered voters of the city qualified to vote for such candidate at such election.

Every voter signing a nomination petition shall sign in person, with his name as registered, and shall state his residence on January first preceding, or his residence when registered if subsequent thereto, and the place where he is then living, with the street and number, if any; but any voter who is prevented by physical disability from writing may authorize some person to write his name and residence in his presence. No voter may sign as petitioner more than one nomination petition for the office of mayor, nor more than nine nomination petitions for the office of city councillor, nor more than five nomination petitions for the office of school committeeman. If the name of any voter appears as petitioner on more nomination petitions for an office than prescribed in this section, his name shall, in determining the number of petitioners, be counted, in the case of the office of mayor, only on the nomination petition sheet bearing his name first filed with the election commission, in the case of the office of city councillor, only on the nine nomination petition sheets bearing his name first filed with said commission, and, in the case of the office of school committeeman, only on the five nomination petition sheets bearing his name first filed with said commission. If the name of any voter appears as petitioner on the same nomination petition more than once, it shall be deemed to appear but once. The signature of any petitioner which is not certified by the circulator of the sheet as provided in the form set forth in section fifty-five A shall not be counted in determining the number of petitioners.

The separate sheets of a nomination petition may be filed all at one time or in lots of one or more from time to time, but shall all be filed with the election commission at or before five o'clock in the afternoon on the eighth Tuesday preceding the preliminary election. Every nomination petition sheet shall be filed by a responsible person, who shall sign such sheet and, if he is other than the candidate, add to his signature his place of residence, giving street and number, if any; and the election commission shall require satisfactory identification of such person.

The names of candidates appearing on nomination petitions shall, when filed, be a matter of public record; but no nomination petition shall be open to public inspection until the signatures on all nomination petitions for the same office have been certified.

SECT. 57. Upon the filing of each nomination petition sheet the election commission shall check each name to be certified by it on such sheet and shall certify thereon the number of signatures so checked which are the names of registered voters of the city qualified to sign the same; provided, however, that said commission shall not certify, in connection with a single nomination petition, a greater number of names than required by section fifty-six with one tenth of such number added thereto. Names not certified in the first instance shall not thereafter be certified on the same nomination petition. All nomination petitions not containing names certified pursuant to this section, to the number required by said section fifty-six, shall be invalid. The election commission shall complete

the certification required by this section at or before five o'clock in the afternoon on the thirty-fourth day preceding the preliminary election.

SECT. 57A. A nomination petition which has been filed and is in apparent conformity with law shall be valid unless written objection thereto is made by a registered voter of the city. Such objection shall be filed with the election commission at or before five o'clock in the afternoon on the twenty-eighth day preceding the preliminary election. Objections filed with the election commission shall forthwith be transmitted by it to the Boston ballot law commission. Certification pursuant to section fifty-seven shall not preclude a voter from filing objections to the validity of a nomination petition.

SECT. 57B.* Any candidate may withdraw his name from nomination by a request signed and duly acknowledged by him; provided, however, that all withdrawals shall be filed with the election commission at or before five o'clock in the afternoon on the twenty-eighth day preceding the preliminary election. If a candidate so withdraws his name from nomination before five o'clock in the afternoon of the twenty-ninth day preceding the preliminary election, or is found to be ineligible or dies, the vacancy may be filled by a committee of not less than five persons or a majority thereof, if such committee be named and so authorized in the nomination petition; provided, however, that all certificates of substitution, except any certificate of substitution for a deceased candidate for mayor under Plan A, shall be filed with the election commission at or before five o'clock in the afternoon on said twenty-ninth day.

The certificate of substitution for a deceased candidate for mayor under Plan A shall be filed with the election commission (a) at or before five o'clock in the afternoon on the first Tuesday preceding the preliminary election if he dies on or before the second Friday preceding such election (b) at or before five o'clock in the afternoon on the first Friday following the preliminary election if he dies after the second Friday preceding such election and before the closing of the polls at such election, (c) at or before five o'clock in the afternoon on the first Tuesday preceding the regular election if he dies after the closing of the polls at the preliminary election and on or before the second Friday preceding the regular election, and (d) at or before five o'clock in the afternoon on the first Friday following the regular election if he dies after the second Friday preceding such election and before the closing of the polls at such election; provided, however, that no certificate of substitution for such a deceased candidate shall be filed after the closing of the polls at the preliminary election unless such candidate, if living, would be deemed under either section fifty-seven C or sixty-one to have been nominated for the office of mayor under Plan A.

If a certificate of substitution for a deceased candidate for mayor under Plan A is filed at or before five o'clock in the afternoon on the first Tuesday preceding the preliminary election, the ballots for use at such election shall be printed with the name, residence and ward of the sub-

stitute in the place of the name, residence and ward of the deceased; and the voting machine ballot labels for use at such election, if not previously printed, shall be printed with the name, residence and ward of the substitute in the place of the name, residence and ward of the deceased, and, if previously printed shall have a slip containing the name, residence and ward of the substitute pasted over the name, residence and ward of the deceased. If such a certificate is filed after five o'clock in the afternoon on the first Tuesday preceding the preliminary election, all ballots and voting machine ballot labels for use at such election shall bear the name, residence and ward of the deceased but shall be deemed as a matter of law to bear the name, residence and ward of the substitute in the place of the name, residence and ward of the deceased, and a vote for the deceased at such election shall be counted as a vote for the substitute. If such a certificate is filed at or before five o'clock in the afternoon on the first Tuesday preceding the regular election, the ballots for use at such election other than absent voting ballots shall be printed with the name, residence and ward of the substitute in the place of the name, residence and ward of the deceased; and the absent voting ballots for use at such election, if not previously printed, shall be printed with the name, residence and ward of the substitute in the place of the name, residence and ward of the deceased and, if previously printed, shall be deemed as a matter of law to bear the name, residence and ward of the substitute in the place of the name, residence and ward of the deceased so that a vote thereon for the deceased shall be counted as a vote for the substitute; and the voting machine ballot labels for use at such election, if not previously printed, shall be printed with the name, residence and ward of the substitute in the place of the name, residence and ward of the deceased, and, if previously printed, shall have a slip containing the name, residence and ward of the substitute pasted over the name, residence and ward of the deceased. If a candidate for mayor under Plan A in whose nomination petition a committee of not less than five persons or a majority thereof is authorized to fill a vacancy dies after the second Friday preceding the regular election and a certificate of substitution is not filed at or before five o'clock in the afternoon on the first Tuesday preceding such election, such election, so far, but only so far, as it is for the purpose of electing a person for the office of mayor, shall be postponed for four weeks and no vote cast for any candidate for mayor at the originally scheduled election shall be counted.

Every certificate of substitution shall state:—(1) the name of the substitute, (2) his residence, with street and number, if any, and ward, (3) the office for which he is to be a candidate, (4) the name of the original candidate, (5) the fact of his death, withdrawal or ineligibility, and (6) the proceedings had for making the substitution. The chairman and secretary of the committee shall sign and make oath to the truth of the certificate; and it shall be accompanied by the written acceptance of the candidate substituted. A certificate of substitution shall be open to objection in the same manner, so far as practicable, as a nomination petition.

SECT. 57C. On the first day, other than a legal holiday or Saturday or Sunday, following the expiration of the time for filing withdrawals and the final disposition of any objections filed, the election commission shall post in a conspicuous place in the city hall the names, residences and wards of the candidates for nomination for mayor under Plan A and for city councillor and school committeeman under Plans A and D who have duly qualified as such candidates, as they are to appear on the official ballots to be used at the preliminary election, except as to the order of the names. If there are so posted the names of not more than two candidates for the office of mayor under Plan A, the candidates whose names are so posted shall be deemed to have been nominated for said office, and the preliminary election for the purpose of nominating candidates therefor shall be dispensed with; if there are so posted the names of not more than eighteen candidates for the office of city councillor under Plan A or D, the candidates whose names are so posted shall be deemed to have been nominated for said office, and the preliminary election for the purpose of nominating candidates therefor shall be dispensed with; and if there are so posted the names of not more than ten candidates for the office of school committeeman under Plan A or D, the candidates whose names are so posted shall be deemed to have been nominated for said office, and the preliminary election for the purpose of nominating candidates therefor shall be dispensed with.

SECT. 58. On the day of the posting provided for by section fifty-seven C, or as soon thereafter as conveniently may be, the election commission shall draw by lot the position of the candidates on the ballot. Each candidate shall have an opportunity to be present at such drawing in person or by one representative. As soon as conveniently may be after such drawing, the election commission shall cause the ballots to be printed. Said ballots shall, in addition to the directions and numbers provided for by section fifty-nine, contain, in the order drawn by the election commission, the names posted as aforesaid (except those of candidates deemed under section fifty-seven C to have been nominated), and no others, with a designation of residence and ward and the title and term of the office for which the person named is a candidate, and the statement, if any, contained in his nomination petition concerning the elective public offices held by him. Said ballots shall be official and no others shall be used at the preliminary election. Said ballots shall be headed as follows:

**OFFICIAL PRELIMINARY MUNICIPAL
ELECTION BALLOT**

Candidates for nomination for the offices of _____ in the
City of Boston at the preliminary municipal election to be held on Tues-
day, _____, 19 ____ .

The heading of said ballots shall be varied in accordance with the offices for which nominations are to be made.

SECT. 59. At every preliminary election, and every regular election, under Plan A, each voter shall be entitled to vote for not more than one candidate for the office of mayor, not more than nine candidates for the

office of city councillor, and not more than five candidates for the office of school committeeman. On the ballots and voting machine ballot labels for use at each of said elections, there shall, as a direction to the voter, be printed in capital letters, near the title of each office to be voted for, the words "VOTE FOR (*here insert in words the number of candidates specified in this section with respect to such office*). The election commission, when drawing under section fifty-eight the position on the ballot of the candidates for nomination at every preliminary election, shall draw the positions of all candidates for mayor, if any are to be drawn, before drawing the position of any candidate for city councillor or school committeeman and shall draw the positions of all candidates for city councillor, if any are to be drawn, before drawing the position of any candidate for school committeeman. The election commission shall number consecutively, regardless of office, all candidates drawn, — the candidate first drawn being assigned the number 1 and the candidate last drawn being assigned the last number assigned. No position shall be drawn for, nor shall any number be assigned to, any candidate deemed under section fifty-seven C to have been nominated; nor shall any number be assigned to any blank space provided under section sixty-four or to any sticker candidate, so called; and no vote by sticker, which term shall not be construed to include the slip provided for by section fifty-seven B, shall be counted if any candidate number appears thereon. The numbers assigned under this paragraph shall be separate and distinct from the alphabetical or numerical code of any voting machine. On the ballots and voting machine ballot labels for use at every preliminary election, there shall, as an aid to the voter, be printed in numerals, before the name of each candidate and with type the same size as the name, the number assigned to the candidate by the election commission under this paragraph.

SECT. 60. The election officers shall, immediately upon the closing of the polls at preliminary elections, count the ballots and ascertain the number of votes cast in the several voting places for each candidate, and forthwith make return thereof upon the total vote sheets or, if voting machines are used, the general or precinct record sheets, as the case may be, to the election commission which shall forthwith canvass said returns and, subject to the provisions of the first sentence of section one hundred and thirty-seven of chapter fifty-four of the General Laws, determine and declare the result thereof, publish said result in one or more newspapers in the city, and post the same in a conspicuous place in the city hall.

SECT. 61. The two persons receiving at a preliminary election under Plan A the highest number of votes for nomination for the office of mayor shall be deemed to have been nominated for said office; and the eighteen persons receiving at such an election under Plan A or D the highest number of votes for nomination for the office of city councillor shall be deemed to have been nominated for said office; and the ten persons receiving at such an election under Plan A or D the highest number of votes for nomination for the office of school committeeman shall be deemed to have been nominated for said office. If a preliminary election under Plan A or D results in a tie vote among candidates for nomination receiving the lowest number of votes, which, but for said tie vote, would entitle a person

receiving the same to be deemed to have been nominated, all persons participating in said tie vote shall be deemed to have been nominated, although in consequence there be printed on the official ballot to be used at the regular election names to a number exceeding twice the number to be elected.

SECT. 62. The name of every person deemed under section fifty-seven C or section sixty-one to have been nominated, together with his residence and ward and the title and term of the office for which he is a candidate, and the statement, if any, contained in his nomination petition concerning the elective public offices held by him, shall, in addition to the directions provided for by section fifty-nine, be printed on the official ballots to be used at the regular elections; and said persons shall be the sole candidates whose names may be printed on such ballots. As soon as conveniently may be after the sixth Tuesday preceding every regular election, the election commission shall draw by lot the position of said names on said ballots; and said names shall be printed on such ballots in the order so drawn. Each candidate shall have an opportunity to be present at such drawing in person or by one representative.

SECT. 63. No ballot used at any preliminary or regular election shall have printed thereon any party or political designation or mark, and there shall not be appended to the name of any candidate any such party or political designation or mark or anything showing how he was nominated or indicating his views or opinions.

SECT. 64. On every ballot to be used at a preliminary or regular election, there shall be left, at the end of the list of candidates for each office, blank spaces equal to the number for which a voter may vote for such office, in which blank spaces the voter may insert the name of any person not printed on the ballot for whom he desires to vote for such office.

SECT. 65. At every preliminary election, and every regular election under Plan D, each voter shall be entitled to vote for not more than six candidates for the office of city councillor and not more than three candidates for the office of school committeeman. On the ballots for use at both of said elections, there shall be printed directions to the voters that each voter shall not vote for more than the number of candidates specified in this section.

Not later than the first Monday in April the city council shall take definite action on the annual budget by adopting, reducing or rejecting it, and in the event of their failure so to do the items and the appropriation orders in the budget as recommended by the mayor shall be in effect as if formally adopted by the city council and approved by the mayor. The city council shall take definite action on any supplementary appropriation order for the public facilities department by adopting, reducing or rejecting it within sixty days after it is filed with the city clerk; and in the event of their failure so to do, such supplementary appropriation order as submitted by the mayor shall be in effect as if formally adopted by the city council and approved by the mayor. It shall be the duty of the city and county officials, when requested by the mayor, to submit forthwith in such detail as he may require estimates for the next fiscal year of the expenditures of the department or office under their charge, which estimates shall be transmitted to the city council.

incurred during such interval for regular employees do not exceed in any one month the average monthly expenditure of the last three months of the preceding fiscal year, and that the total liabilities incurred during said interval do not exceed in any one month the sums spent for similar purposes during any one month of the preceding fiscal year; and provided, further, that said officers who are authorized to make expenditures may expend in any one month for any new officer or board lawfully created an amount not exceeding one twelfth of the estimated cost for the current fiscal year; and provided, further, that until a regular or special appropriation has been made for snow removal, expenditures may be made for that purpose to an amount not exceeding the average of the annual expenditures for snow removal in the five preceding fiscal years. Notwithstanding the foregoing limitations upon the authority of city officers to incur liabilities during said interval, such officers may incur liabilities to such extent as may be necessary for the purpose of compensating first assistant assessors for their regular duties.

Socr. 3B.* After an appropriation of money has been duly made by the city of Boston for any specific purpose, or for the needs and expenditures of any city department or county office, no transfer of any part of the money thus appropriated shall be made except in accordance with and after the written recommendation of the mayor to the city council, approved by a yea and nay vote of two thirds of all the members of the city council; provided, that the city auditor, with the approval in each instance of the mayor, may make transfers, other than for personal service, from any item to any other item within the appropriations for a department, division of a department or county office. After December tenth in each year the city auditor may, with the approval of the mayor in each instance, apply any income and taxes not disposed of and make transfers from any appropriation to any other appropriation for the purpose only of closing the accounts of the fiscal year.

(See Stat. 1942, Chap. 4, Sect. 3, reading as follows:

“During the continuance of the existing state of war between the United States and any foreign country, notwithstanding the provisions of section three B of chapter four hundred and eighty-six of the acts of nineteen hundred and nine, inserted in said chapter by section one of chapter six hundred and four of the acts of nineteen hundred and forty-one, the vote required for approval by the city council of the city of Boston of any transfer of appropriation, other than a loan appropriation, shall be by a yea and nay vote of a majority of all the members of the city council.”)

SECT. 4A.† The mayor may designate one clerical assistant for whose acts he shall be responsible to sign his name in approval of all vouchers of less than five hundred dollars each.

† Sect. 4A inserted by St. 1924, c. 479, Sect. 3.

SECT. 5.* The city council with the approval of the mayor may from time to time make by-laws or ordinances for any or all of the following purposes:—(a) to create a new department or agency; (b) to abolish, in whole or in part, any department or agency; (c) to reorganize, in whole or in part, any department or department head or any agency or agency head; (d) to confer or impose on any department or agency any power or duty of the city not appertaining at the time of the making of the by-law or ordinance to any department or agency; (e) to transfer any or all of the powers, duties and appropriations of any division of any department or agency to another division of the same department or agency; (f) to transfer any or all of the powers, duties and appropriations of any department or division thereof or of any agency or division thereof either to another department or division thereof or to another agency or division thereof; and (g) to increase, reduce, establish or abolish the salary of any department or agency head. Every department or agency head created by, or resulting from a reorganization effected by, a by-law or ordinance made under this section shall, unless ex officio, be appointed by the mayor without confirmation by the city council for a term expiring on the first Monday of the January following the next biennial municipal election at which a mayor is elected or, in the case of a person serving without compensation or of a person serving on the board of appeal, the board of examiners, the board of examiners of gasfitters or other like board, for such other term as the by-law or ordinance may prescribe. Every person holding an office or position subject to the civil service law and rules shall, if the office or position is abolished by a by-law or ordinance made under this section and the by-law or ordinance so provides, be reappointed without civil service examination or registration to a similar office or position with similar status in any new department or agency, or division of either, thereby created or in any department or agency, or division of either, not thereby abolished; and every such person shall upon such reappointment, retain all rights to retirement with pension that shall have accrued or would thereafter accrue to him; and his services shall be deemed to have been continuous to the same extent as if such abolition had not taken place. As used in this section, the term “agency” shall be construed to mean any office in charge of a board or officer not subject to the direction of a department head. Nothing in this section shall authorize any action in conflict with the civil service laws or rules except as expressly provided herein; nor shall any by-law or ordinance made under this section affect in any way the school committee or any board or officer of the school committee or school department, or the board of commissioners of school buildings or the superintendent of construction, or the board of trustees of the teachers’ retirement fund or the board of trustees of the permanent school pension fund, or the Boston retirement board, or the city clerk, or the board of election commissioners, or the Boston traffic commission, or any board or officer appointed by the governor.

*Sect. 5 as amended by Stat. 1953, Chap. 473.

SECT. 6. No contract for lighting the public streets, parks, or alleys, or for the collection, removal, or disposal of refuse, extending over a period of more than one year from the date thereof, shall be valid without the approval of the mayor and the city council after a public hearing held by the city council of which at least seven days' notice shall have been given in the City Record.

* * * * *

SECT. 8. Neither the city council, nor any member or committee, officer, or employee thereof shall, except as otherwise provided in this act, directly or indirectly on behalf of the city or the county of Suffolk take part in the employment of labor, the making of contracts, the purchase of materials, supplies or real estate; nor in the construction, alteration, or repair of any public works, buildings, or other property; nor in the care, custody, and management of the same; nor in the conduct of the executive or administrative business of the city or county; nor in the appointment or removal of any municipal or county employee; nor in the expenditure of public money except such as may be necessary for the contingent and incidental expenses of the city council. . . .

It shall be unlawful for the mayor or for a member of the city council or for any officer or employee of the city or of the county of Suffolk or for a member of the finance commission directly or indirectly to make a contract with the city or with the county of Suffolk, or to receive any commission, discount, bonus, gift, contribution or reward from or any share in the profits of any person or corporation making or performing such contract, unless such mayor, member of the city council, officer, or employee or member of the finance commission immediately upon learning of the existence of such contract or that such contract is proposed, shall notify in writing the mayor, city council, and finance commission of such contract and of the nature of his interest in such contract and shall abstain from doing any official act on behalf of the city in reference thereto. In case of such interest on the part of an officer whose duty it is to make such contract on behalf of the city, the contract may be made by any other officer of the city duly authorized thereto by the mayor, or if the mayor has such interest by the city clerk: *provided, however,* that when a contractor with the city or county is a corporation or voluntary association, the ownership of less than five percent of the stock or shares actually issued shall not be considered as being an interest in the contract within the meaning of this act, and such ownership shall not affect the validity of the contract, unless the owner of such stock or shares is also an officer or agent of the corporation or association, or solicits or takes part in the making of the contract.

A violation of any provision of this section shall render the contract in respect to which such violation occurs voidable at the option of the city or county. Any person violating the provisions of this section shall be punished by a fine of not more than one thousand dollars, or by imprisonment for not more than one year, or both. . . .

THE EXECUTIVE DEPARTMENT

SECT. 9. All heads of departments and members of municipal boards, including the board of street commissioners, as their present terms of office expire (but excluding the school committee and those officials by law appointed by the governor), shall be appointed by the mayor without confirmation by the city council. They shall be recognized experts in such work as may devolve upon the incumbents of said offices, or persons specially fitted by education, training or experience to perform the same, and (except the election commissioners, who shall remain subject to the provisions of existing laws) shall be appointed without regard to party affiliation or to residence at the time of appointment except as hereinafter provided.

* * * * *

SECT. 12. A vacancy in any office to which the provisions of section nine of this act apply, shall be filled by the mayor under the provisions of said section and pending a permanent appointment he shall designate some other head of a department or member of a board to discharge the duties of the office temporarily.

SECT. 13.* Members of boards shall be appointed for the terms established by law or by ordinance. Heads of departments shall be appointed for terms of four years beginning with the first of May of the year in which they are appointed and shall continue thereafter to hold office during the pleasure of the mayor.

SECT. 14.† The mayor may remove any head of a department or member of a board (other than the election commissioners, who shall remain subject to the provisions of existing law) by filing a written statement with the city clerk setting forth in detail the specific reasons for such removal, a copy of which shall be delivered or mailed to the person thus removed, who may make a reply in writing, which, if he desires, may be filed with the city clerk, but such reply shall not affect the action taken unless the mayor so determines. The provisions of this section shall not apply to the school committee, the public facilities commission, or any official by law appointed by the governor.

SECT. 15. The positions of assistants and secretary authorized by section twenty of chapter four hundred and forty-nine of the acts of the year eighteen hundred and ninety-five except those in the election department are hereby abolished, and except as aforesaid the said section is hereby repealed.

The civil service laws shall not apply to the appointment of the mayor's secretaries, nor of the stenographers, clerks, telephone operators and messengers connected with his office, and the mayor may remove such appointees without a hearing and without making a statement of the cause for their removal.

* Sect. 13. Affected by St. 1953, c. 473.

† Sect. 14 as amended by St. 1966, c. 642, s. 11.

SECT. 16. No official of said city, except in case of extreme emergency involving the health or safety of the people or their property, shall expend intentionally in any fiscal year any sum in excess of the appropriations duly made in accordance with law, nor involve the city in any contract for the future payment of money in excess of such appropriation, except as provided in section six of this act. Any official who shall violate the provisions of this section shall be punished by imprisonment for not more than one year, or by a fine of not more than one thousand dollars, or both.

SECT. 16A.* Anything in section three A or section sixteen to the contrary notwithstanding, city and county officers who are authorized to make expenditures, and the school committee, may, during any fiscal year, at the time of, or after, contracting for the performance or delivery during the remainder of such year of any work, services or supplies of a constantly recurrent nature, contract, without an appropriation, upon like or more favorable terms and conditions, for the performance or delivery of such work, services or supplies for the whole or any part of the first three months of the next fiscal year; provided, that in no event shall the average monthly liability incurred with respect to the next fiscal year exceed the average monthly liability for such work, services or supplies during the last nine months of the then current fiscal year.

THE FINANCE COMMISSION

SECT. 17. Within sixty days after the passage of this act the governor with the advice and consent of the council shall appoint a finance commission to consist of five persons, inhabitants of and qualified voters in the city of Boston, who shall have been such for at least three years prior to the date of their appointment, one for the term of five years, one for four years, one for three years, one for two years, and one for one year, and thereafter as the terms of office expire in each year one member for a term of five years. Vacancies in the commission shall be filled for the unexpired term by the governor with the advice and consent of the council. The members of said commission may be removed by the governor with the advice and consent of the council for such cause as he shall deem sufficient. The chairman shall be designated by the governor. His annual salary shall be five thousand dollars, which shall be paid in monthly instalments by the city of Boston. The other members shall serve without pay.

SECT. 18. It shall be the duty of the finance commission from time to time to investigate any and all matters relating to appropriations, loans, expenditures, accounts, and methods of administration affecting the city of Boston or the county of Suffolk, or any department thereof, that may appear to the commission to require investigation, and to report thereon from time to time to the mayor, the city council, the governor, or the general court. The commission shall make an annual report in January of each year to the general court.

* Sect. 16A. Inserted by St. 1951, c. 182.

SECT. 19. Whenever any pay roll, bill, or other claim against the city is presented to the mayor, city auditor, or the city treasurer, he shall, if the same seems to him to be of doubtful validity, excessive in amount, or otherwise contrary to the city's interest, refer it to the finance commission, which shall immediately investigate the facts and report thereon; and pending said report payment shall be withheld.

SECT. 20.* The said commission is authorized to employ such experts, counsel, and other assistants, and to incur such other expenses as it may deem necessary, and the same shall be paid by said city upon requisition by the commission, not exceeding in the aggregate in any year the sum of eighty thousand dollars, or such additional sums as may be appropriated for the purpose by the city council and approved by the mayor. A sum sufficient to cover the salary of the chairman of the commission and the further sum of at least eighty thousand dollars to meet the expenses as aforesaid each year shall be appropriated by said city. The commission shall have the same right to incur expenses in anticipation of its appropriation as if it were a regular department of said city.

SECT. 21. For the purpose of enabling the said commission to perform the duties and carry out the objects herein contemplated, and to enable the mayor, the city council, the governor or the general court to receive the reports and findings of said commission as a basis for such laws, ordinances, or administrative orders as may be deemed meet, the commission shall have all the powers and duties enumerated in chapter five hundred and sixty-two of the acts of the year nineteen hundred and eight and therein conferred upon the commission designated in said act; but counsel for any witness at any public hearing may ask him any pertinent question and may offer pertinent evidence through other witnesses subject to cross-examination by the commission and its counsel.

THE CITY CLERK

SECT. 22. The present city clerk shall hold office for the term for which he has been elected, and thereafter until his successor is chosen and qualified. In the year nineteen hundred and eleven, and every third year thereafter, a city clerk shall be elected by a majority of the members of the city council, to hold office until the first Monday in February in the third year following his election, and thereafter until his successor has been duly chosen and qualified, unless sooner removed by due process of law. . . .

THE CITY AUDITOR

SECT. 23. All accounts rendered to or kept in the departments of the city of Boston or county of Suffolk shall be subject to the inspection and revision of the city auditor, and shall be rendered and kept in such form as he shall prescribe. The auditor may require any person presenting for settlement an account or claim against the city or county to make oath

* Sect. 20 as amended by St. 1921, c. 81, St. 1924, c. 369, St. 1948, c. 175, St. 1961, c. 40, and St. 1965, c. 894.

before him in such form as he may prescribe as to the accuracy of such account or claim. The wilful making of a false oath shall be perjury and punishable as such. The auditor may disallow and refuse to pay, in whole or in part, any claim on the ground that it is fraudulent or unlawful and in that case he shall file a written statement of his reasons for the refusal.

SECT. 24. Whenever, in response to an advertisement by any officer or board of the city or county, a bid for a contract to do work or furnish materials is sent or delivered to said officer or board, a duplicate of the same shall be furnished by the bidder to the auditor, to be kept by him and not opened until after the original bids are opened. After the original bids are opened, the auditor shall open and examine the bids submitted to him, and shall compare the same with the original bids. In case any of the bids submitted to the auditor differ from the corresponding original bids, those submitted to the auditor shall be treated as the original bids. The contract shall not be awarded until after both sets of bids are opened.

SECT. 25. The auditor shall furnish monthly to each head of department a statement of the unexpended balance of the appropriation for that department, and he shall furnish to the mayor and city council a statement of the unexpended balances of all the departments. He shall furnish quarterly to the city council an itemized statement showing the amount of money expended by the mayor and the city council for contingent expenses.

MISCELLANEOUS PROVISIONS

SECT. 26.* All loans issued by the city after the passage of this act shall be made payable in annual instalments in the manner authorized by section thirteen of chapter twenty-seven of the Revised Laws as amended by section one of chapter three hundred and forty-one of the acts of the year nineteen hundred and eight. No sinking fund shall be established for said loan. All bonds shall be offered for sale in such a manner that the premiums, if any are received, shall be applied in accordance with the provisions of chapter three hundred and seventy-nine of the acts of the year nineteen hundred and ten. No city or county money shall be deposited in any bank or trust company of which any member of the board of sinking fund commissioners of said city is an officer, director, or agent. Nothing herein shall apply to transit bonds of the city of Boston issued under the provisions of the several acts authorizing the construction of tunnels and subways in said city by the Boston Transit Commission, and said bonds may be issued as heretofore and secured by sinking fund.

SECT. 27.† Every officer and board in charge of a department of the city of Boston or county of Suffolk shall, on or before the sixth day of February in each year, prepare and furnish to the city auditor a list of

the officials and employees under said officer or board and paid by the city or county on the first of such February. Such list shall give the name, residence by street and ward, designation, compensation, and date of election or appointment of each of said officials and employees and the date when each first entered the employ of the city or county. It shall be the duty of the city auditor to verify said lists by the pay rolls and to keep a copy of said lists open for public inspection, and to prepare and publish in the City Record on or before the tenth day of April in each year a comparative table containing the number of such officials and employees holding office or employed in each such department or board and paid by the city or county on the compilation date in each of the ten years next preceding such publication. The term "compilation date," as herein used, shall be construed to mean, with respect to the year nineteen hundred and fifty-one or any prior year, the first day of January, and with respect to the year nineteen hundred and fifty-two or any subsequent year, the first day of February.

SECT. 28. The jurisdiction now exercised by the board of aldermen concerning the naming of streets, the planting and removal of trees in the public ways, the issue of permits or licenses for coasting, the storage of gasoline, oil, and other inflammable substances or explosive compounds and the use of the public ways for any permanent or temporary obstruction or projection in, under, or over the same, including the location of conduits, poles, and posts for telephone, telegraph, street railway, or illuminating purposes, is hereby vested in the board of street commissioners, to be exercised by said board with the approval in writing of the mayor; and the mayor and city council shall have authority to fix by ordinance the terms by way of cash payment, rent, or otherwise, upon which permits or licenses for the storage of gasoline or oil, or other inflammable substances or explosive compounds, and the construction or use of coal holes, vaults, bay windows, and marquises, in, under, or over the public ways shall be issued.

SECT. 29.* Within ninety days after the passage of this act and thereafter there shall be published at least once a week and distributed and sold under the direction of the mayor and on terms to be fixed by the city council and approved by the mayor a paper to be known as the "City Record." All advertising with reference to the sale of property for non-payment of taxes shall appear exclusively in the City Record. All other advertising, whether required by law or not, with reference to the purchase or taking of land, contracts for work, materials or supplies, and the sale of bonds, shall appear in said paper, and in such newspaper or newspapers as the mayor, in his discretion, may order; a list of all contracts of one thousand dollars or more, as awarded, with the names of bidders, and the amount of the bids; appointments by the mayor; and changes in the number and compensation of employees in each department, shall be published in the City Record. Failure to publish in such newspaper or newspapers as the mayor may order shall not invalidate any purchase, contract or sale made or action taken by the city. The proceedings of the

city council and school committee together with all communications from the mayor, shall be published in the City Record; provided, that the substance of debates by and among the members of the city council shall not be so published or published elsewhere at the expense of said city.

SECT. 30.* Every officer or board in charge of a department in said city and every officer, board or official of the county of Suffolk having power to incur obligations on behalf of said county in cases where said obligations are to be paid for wholly from the treasury of said city, when authorized to erect a new building or to make structural changes in an existing building, shall make contracts therefor, not exceeding five, each contract to be subject to the approval of the mayor; and when about to do any work or to make any purchase, the estimated cost of which alone, or in conjunction with other similar work or purchase which might properly be included in the same contract, amounts to or exceeds two thousand dollars, shall, unless the mayor gives written authority to do otherwise, invite proposals therefor by advertisements in the City Record. Such advertisements shall state the time and place for opening the proposals in answer to said advertisement, and shall reserve the right to the officer, board or official to reject any or all proposals. No authority to dispense with advertising shall be given by the mayor unless the said officer, board or official furnishes him with a signed statement which shall be published in the City Record giving in detail the reasons for not inviting bids by advertisement.

SECT. 31.† Without obtaining the consent of any other board or officer or further authority than that contained in this act, the public facilities commission, in the name of the city, may acquire by purchase, lease, gift, devise or otherwise for any municipal purpose a fee simple absolute or any lesser interest in any land, public or private, within the limits of the city, including air rights and riparian rights, and may take by eminent domain under chapter seventy-nine or chapter eighty A of the General Laws any such fee or interest except in parks and playgrounds and except also, unless there be express consent, in lands belonging to or covered by contract with the United States, the commonwealth, the Boston Housing Authority or the Boston Redevelopment Authority. Whenever the price proposed to be paid for any land to be acquired for any municipal purpose is more than twenty-five percent higher than its average assessed valuation during the previous three years, such land shall not be acquired by purchase but shall be taken by eminent domain. No land shall be taken until an appropriation by loan or otherwise for the general purpose for which land is needed shall have been made by the mayor and city council by a two thirds vote of all its members; nor shall a price be paid in excess of the appropriation, unless a larger sum is awarded by a court of competent jurisdiction. Nothing in this section shall affect in any way the powers and duties of the real property board under chapter four hundred and seventy-four of the acts of nineteen hundred and forty-six as now or

hereafter amended, or of the public improvement commission as successor in function to the board of street commissioners under chapter four hundred and thirty-seven of the acts of eighteen hundred and ninety-three or chapter four hundred and twenty-six of the acts of eighteen hundred and ninety-seven or chapter three hundred and ninety-three of the acts of nineteen hundred and six, as severally now or hereafter amended, or acts in addition thereto.

SECT. 31A. Without obtaining the consent of any board or officer other than the mayor, and without interdepartmental payment, the public facilities commission, without further authority, may transfer any land now or hereafter belonging to the city, except parks and playgrounds, but including school lands and land acquired by foreclosure of tax title, from the municipal purpose, if any, to which it is devoted at the time of such transfer to any other specific municipal purpose, and may also transfer the care, custody, management and control of any such land, except parks and playgrounds, but including school land and land acquired by foreclosure of tax title, from such board or officer, including itself, as at the time of such transfer may have the same to such other board or officer, including itself, as it may determine.

SECT. 31B. Without obtaining the consent of any board or officer other than the mayor, the public facilities commission, without further authority, may, for such rent or price and upon such terms as said commission may deem appropriate, lease or sublease or sell, grant, and convey any surplus land, as hereinafter defined, to the federal government or any agency thereof, the commonwealth or any political subdivision or authority thereof or, if notice of intent to lease or sell such land or buildings together with a statement of when and where written details of such proposed lease or sale may be examined shall first have been publicly advertised in the City Record once a week for two successive weeks, to any person, firm, corporation or trust. "Surplus land", as used in this section, shall be deemed to mean land, buildings and real estate now or hereafter belonging to the city and in the care, custody, management and control of said commission (except parks and playgrounds) which at the time of such lease or sale are or have been used for school purposes, or which have been acquired by foreclosure of tax titles or acquired under section eighty of chapter sixty of the General Laws, or which, irrespective of the manner or time of acquisition, are not held by the city for a specific purpose, or which have been transferred to the commission by the city council.

SECT. 32.* Beginning in the year nineteen hundred and twenty-five, the municipal election in said city shall take place biennially in every odd numbered year on the Tuesday after the first Monday in November.

SECT. 34. In Boston beginning with the current year political committees shall be elected at the state primaries instead of at the municipal primaries.

The Deputy Director of Administrative Services for Fiscal Affairs shall, under the direction of the Mayor, and in consultation with the Director of Administrative Services review all aspects of the fiscal affairs of the city and make recommendations for continual modernization and improvement in the basic fiscal policies and procedures of the city, including, but not limited to, the means by which the budget can be used to effectuate policy decision.

The regular activities of the department, for payroll purposes, are divided into six divisions—administrative, budget, data processing, personnel, printing, and purchasing, the operations and functions of all divisions being under the overall supervision of the Director.

He is the custodian of all surplus personal property of the City and may reallocate any such items among the several departments or, with the required approvals, sell or otherwise dispose of the same. He is also responsible for the operations of the Office Machine Repair Unit.

The department also contains a board of five commissioners known as the Art Commission, which has the custody and care of all works of art owned by the City. While not subject to the direct supervision or control of the Administrative Services Board, this commission shall not communicate with the Mayor or make any annual or other report except through the board.

JAMES T. REID, *Assistant Commissioner, Inspections*

NICHOLAS D. CORSANO, *Supervisor of Construction and Safety Inspections*

JOHN L. O'LEARY, *Supervisor of Mechanical Inspections*

ALEC F. BONDA, *Supervisor of Electrical Inspections*

The duty of the Building Commissioner, under the provisions of Chapter 479 of the Acts of 1938, as amended (the Building Code), is to inspect all buildings and structures in the City of Boston except bridges, quays or wharves, buildings owned and occupied by the United States or the Commonwealth, railroad stations and structures used primarily for railway purposes, voting booths, tanks of certain specified capacities, tunnels constructed and maintained by the public authority, tents covering an area of less than one hundred square feet, fences less than six feet in height, signs or billboards upon the ground and signs less than one square foot in area, and flagpoles less than twenty feet in length.

The Code authorizes the Commissioner to issue permits to erect, enlarge, alter, substantially repair, move, demolish or change the occupancy of any building or structure; or to install, alter, or substantially repair plumbing, gas fitting, fire extinguishing apparatus and elevators; or to install steam boilers, furnaces, heaters or other heat producing apparatus the installation of which is regulated by the Code; or to install engines or dynamos.

Pursuant to Chapter 665, Acts of 1956, a new zoning code has been prepared and approved and became effective Dec. 31, 1964. Many important revisions of previous regulations are made in the new code, but it continues, in effect, under new use districts and administrative regulations, the general purposes of the superseded zoning act. With minor exceptions, no building shall be erected or altered, nor shall any building or premises be used, for any purpose other than the use permitted in the district in which such building or premises is located.

In addition, Chapter 143 of the General Laws, in so far as applicable to Boston, is administered by the Building Commissioner under delegated authority from the State Commissioner of Public Safety.

The primary purpose of the public safety regulations promulgated under this chapter is to establish a minimum code of safety for the entire state. Cities and towns may make further exactions in accordance with local building ordinances and not inconsistent with law, but in no case may the provisions of state law be avoided or minimized.

The law falls with particular force on all places of assembly — restaurants, taverns, dance halls, meeting halls and all places of similar occupancy in which fifty or more persons may be accommodated. Lodging houses and apartment houses in which there are eight or more rooms above the second floor, or in which ten or more persons are accommodated above the second floor come also within the provisions of this Act. All such buildings must be certified by the Building Commissioner as to compliance with these particular regulations in addition to the Boston Code requirements.

On May 1, 1954, in accordance with Ordinances of 1954, Chapter 2, Section 30, the powers, duties, appropriations and personnel of the Electrical Inspection Division of the Fire Department were transferred to the Building Department.

By Chapter 2 of the Ordinances of 1954 the Board of Appeal, the Board of Examiners, and the Committee on Licenses were placed in the Building Department and the Board of Zoning Adjustment and the Zoning Com-

mission were placed in the said Department by Revised Ordinances of 1961, Chapter 9, Sections 9 and 10, but none of said Boards, Commission or Committee is subject to the supervision or control of the Building Commissioner, but unless otherwise ordered by the Mayor none of said Boards, Commission or Committee shall communicate with the Mayor or make any annual or other report, except through the Building Commissioner.

Licenses for Gasfitters are now issued by the Gas Regulatory Board (Ch. 623, Acts 1962).

Ch. 254, Acts 1965, became effective May 5, 1965. Under its provisions the Electrical Code of the City of Boston was repealed and the Massachusetts Electrical Code (G. L., Ch. 143, S. 3L) was substituted therefor.

GENERAL ADMINISTRATIVE OFFICES

The general administration of the library system as a whole is centered in the Director's Office. There is also supervised from the Director's Office the work of the Personnel Office, the Information and Publication Office, the general publishing activities of the Library, and the work of the development of the collections.

GENERAL LIBRARY SERVICES

The greater part of the circulation of books to borrowers is centered in twenty-seven Branch Libraries, three Bookmobiles, and Hospital Library Service at Boston City Hospital. These form part of the unit which is designated as General Library Services. In addition, there are three public service areas located in the Central Library building: Audio-Visual, the General Library (Adults' Section, Young Adults' Section, and Children's Section), and Central Charging Records.

Work with Adults, Work with Young Adults, and Work with Children is in direct relationship with the work of the Branch Libraries and the Bookmobiles, which are distributed throughout the city as follows:

SPECIAL ACTIVITIES

Exhibits in the Main Lobby, the Treasury Room, and in the Puvis de Chavannes, Sargent, and Wiggin Galleries in the Central Library building afford opportunities for emphasizing the Library's valuable resources. Storytelling in the Children's Section, General Library, and in many Branch Libraries by trained storytellers is a part of the Library's program of work with children.

Four publications are distributed free throughout the system: *Books Current*, *Spotlight on New Books for Young Adults*, and *Books on Parade*, each issued four times a year, and *B.P.L. News*, issued ten times a year.

The Police Department is responsible for the prevention of crime, the investigation of crime, the apprehension of criminals, the maintenance of order, the enforcement of laws and statutes, the enhancement of the public safety, and the provision of other police and emergency services.

For administrative and operational purposes the department is divided into five Bureaus designated as the Bureau of Administration which includes the Administrative Division and the Planning and Research Divi-

sion; the Bureau of Field Operations which includes Patrol Divisions A through F, the Criminal Investigation Division, the Traffic Division, and the Communication Control Division; the Bureau of Inspectional Services which includes the Intelligence Division, the Staff and Internal Affairs Division, and the Records and Data Processing Division; the Bureau of General Services which includes the Central Services Division and the Personnel and Training Division; and the Bureau of Community Affairs which includes the Community Relations Division and the Community Services Division.

The Bureau of Administration is responsible for the management, supervision, and coordination of the activities and functions of the Police Commissioner's Office and of administrative and management matters throughout the Department. The Administrative Division is comprised of such activities as legal affairs, press relations and information, correspondence, and secretarial services. The Planning and Research Division is responsible for all aspects of departmental planning including operational planning, long-range programs, federal grant programs, capital improvements, crime analysis, forms control, and administrative planning.

The Bureau of Field Operations is responsible for the operation of the department's patrol and investigative activities. The city's thirteen Police Districts are divided into the six Patrol Divisions. Each District has within it a police station which provides administrative and command facilities for the police operations in the District. The patrol force assigned to Districts is supplemented by several patrol activities with City-wide jurisdiction. The Tactical Patrol Force, Canine Section, Mounted Section and Emergency Service Unit provide various types of specialized patrol services that can be deployed as needed to high crime incidence areas, special operations, or special circumstances. District eight is the Harbor Patrol District, of which the Commander is also the Harbor Master for Boston Harbor. The District maintains constant patrol of the harbor during all months of the year.

The Criminal Investigation Division is responsible for detective operations throughout the City and is further subdivided into the Vice and Narcotics Section, General Investigation Section, Organized Crime Section, and Criminalistics Section. Within the Division's sections are the various specialized and general investigative units of the Department as well as the Department's Crime Laboratory and Ballistics Units.

The Traffic Division is responsible for regulation of Traffic in the downtown area, for responding to special traffic conditions throughout the City and for the compilation of information on accidents and enforcement for use by all units of the Department.

The Communications Control Division is responsible for the operation of the Department's communication systems which include an advanced multi-channel radio system and large telephone and teletype systems. The Central Complaint Section of this Division is responsible for receiving calls from the public and processing and dispatching them to police units for the rendering of police services. Annually over 300,000 calls for police service are processed by this section, making use of the most modern advances in communications, data processing, and control procedures.

The Bureau of Inspectional Services supervises several areas of management control which provide checks and balances on the operations of the Department. The Staff Inspection and Internal Affairs Division is assigned the responsibility for inspecting personnel, facilities, equipment, and procedures and for investigating cases of alleged misconduct by members of the Department. The Records and Data Processing Division maintains the police records system, performs identification functions, and operates the department's computer system. The Intelligence Division's assignment is to collect, evaluate, and disseminate information on the status of criminal activity throughout the City.

The Bureau of General Service's responsibilities fall into the area of providing support services for the rest of the Department. The Central Services Division includes such areas as radio maintenance, building maintenance, signal service, licensing, auditing and finance, automotive maintenance, and property procurement and management. Included in its licensing functions are the licensing and supervision of all taxicabs operating in the City. The Personnel and Training Division operates the Department's Police Academy and Range and provides a complete curriculum of recruit, in-service, and advanced training for departmental personnel. This Division also maintains the Department's Personnel records and prepares the Department's payroll.

The Bureau of Community Affairs, through its Community Relations Division and Community Services Division is responsible for maintaining contacts with community groups and agencies throughout the City and for guiding and preparing community services and community relations programs and activities on a City-wide basis.

The city is divided into thirteen Police Districts in each of which is a police building containing facilities for command officers and a force of men. The personnel assigned to police districts are supplemented by personnel assigned to a permanent Tactical Patrol Force, and a Canine Section, which may be deployed into any high crime incidence area of the city to aid in the prevention of crime or the apprehension of criminals, or to an area of the city in which any emergency arises.

The Criminal Investigation Division is the central detective agency of the department and is located in the Headquarters building. It consists of the following major sections. Within these Sections are found the following investigating squads: stolen automobiles, banking, express thieves, homicide, hotels, lost and stolen property, narcotics, obscene literature, pawnbrokers, junk-shop keepers and dealers in second-hand articles, pickpockets, domestic relations, retail stores and robbery. In addition, a ballistic unit and crime laboratory are maintained.

This Division also handles cases of fugitives from justice and conducts hundreds of investigations during the course of a year for various police departments throughout the United States and foreign countries. Further, it cooperates in every way possible with outside police departments in the investigation of crime and prosecution of criminals.

Advancement and changes are constantly being made to maintain efficiency of the various sections of the Criminal Investigation Division. To bring about this efficiency of service, equipment of the Division is continu-

ally being augmented by addition of modern identification apparatus which now includes a Polygraph or Lie Detector.

The Traffic Division is located at 203 Atlantic Avenue. Its commanding officer is responsible for proper regulation of traffic conditions and for the safety of the public using the highways from 8 A.M. to 12 o'clock midnight, within the intown section of the city.

The Records-Communications Division, located in the Headquarters building, consists of the Central Records Section and Central Complaint Section. In the Central Records Section there is maintained files of criminals' records, individual compilations of criminal activities of known criminals, indices of persons wanted for crime on warrants and summonses, reports of all felonies committed within the city and all reports of investigation of these felonies, indices of persons holding licenses granted by the Police Commissioner and missing persons.

The criminal identification unit has continued to prove of great value and stands in favorable comparison with similar units of the most advanced departments. This unit now conducts tests to measure degree of intoxication of persons arrested while operating motor vehicles under the influence of alcoholic beverages.

In the Central Complaint Section all complaints received by the department are recorded on pre-numbered-pre-punched and timed-stamped complaint message cards to insure central control over such complaints resulting in immediate response to requests for police assistance. This section also maintains the department radio station "KCA860" which has base transmitters located at Police Headquarters and in the new Courthouse Building, Pemberton Square; and a relay station on Bellevue Hill, West Roxbury, and in the Prudential Center.

These broadcasting stations insure speedy response to a call for police assistance and render possible speedy dissemination of information and quick concentration of necessary police power at a point where needed.

The Boston Police Department is completely equipped with the most modern two-way radio. There are 187 police cars, 22 service trucks, 31 combination patrol wagons and ambulances, 55 cycles, 35 scooters and 3 police boats equipped with two-way radio telephone. Police automobiles and combination patrol wagons and ambulances with two-way radio are moving through all parts of the city day and night. Any part of the city may be reached by a police radio car or patrol wagon-ambulance in a very few moments after receipt of a radio message from either of the broadcasting stations.

The radio has been a very important factor in the prompt apprehension of law violators as well as increasing the number of arrests. In many instances, the offenders have been taken into custody while in the act of committing crime.

The Data Processing Unit supplies the department with statistical information necessary for efficient operations and deployment of personnel as well as information needed for the monthly and annual returns of crime statistics required under uniform crime reporting procedures.

The Central Services Division is charged with the supervision and care of all police buildings. Orders for building maintenance, repair work, plumb-

ing, steamfitting, etc., are issued by this Division. The Automotive Maintenance Section is also a responsibility of this Division.

The processing of thousands of hackney carriage licenses as well as other licenses issued by the Police Commissioner as well as the auditing of all cash receipts for licenses and other services is under the supervision of this Division.

The Property Clerks' office of the Central Services Division is charged with the care of lost, stolen and abandoned property, money or other property alleged to have been illegally obtained, and all articles and property taken from persons arrested for any cause. In its custody are also placed all seized liquor and gaming implements which come into possession of the Department. Orders for supplies, uniforms and equipment are issued by this office.

The Commissioner appoints a Harbor Master and assistants from the police force. The following patrol boats are used in this service: the "William H. Pierce" boat 38-foot craft; the "Protector" a 63-foot sea and air rescue craft; and the new "John F. Kennedy" a 38-foot Bertram Cruiser.

The Police Department is responsible for the annual listing of all residents within the city 20 years of age or over.

On January 1, 1970, the police force numbered 2,577.

JOHN P. SULLIVAN, *Division Engineer*

This Division has the control, care, and maintenance of all pipes and appurtenances for supplying wholesome water to the City. Its source of supply is the Metropolitan District Commission which charges one hundred twenty dollars (\$120.00) per million gallons of water to its members. Boston's requirements were 122,105,200 gallons per day in 1967, or 198 gallons per capita. Under present rates the consumer pays the City one cent for 25 gallons of pure water.

The Division maintains and operates a high pressure fire service for the central business section of Boston.

INDUSTRIAL SCHOOLS PARTLY MAINTAINED BY STATE

By Chapter 471, Acts of 1911, and Chapter 106, Acts of 1912, the State especially encourages the establishing of Independent Industrial Schools, allowing financial aid for their maintenance proportionate to the amount raised by local taxation and expended for all public schools. Under this arrangement the School Committee is reimbursed by the State to the extent of one half the net maintenance cost of such industrial schools established in Boston thus far with the approval of the Massachusetts Department of Education. By Chapter 805, Acts of 1913, Continuation Schools, for employed children between fourteen and sixteen years of age, were included under the same plan of State aid. The schools thus maintained are the Boston Trade High School (for Boys), day and evening classes, Trade High School for Girls, Compulsory Continuation Classes, and practical arts courses in the evening elementary schools.

The Cooperative-Industrial Courses have 35 shops; Boston Trade High School, 25 shops; Trade High School for Girls, 12 shops; Boston Vocational Technical Institute, 5 shops; Boston Technical High School, 20 shops; for a total of 97 shops.

For the agricultural course in the Jamaica Plain High School, the School Committee is reimbursed to the extent of two thirds of the cost of instruction.

There are co-operative industrial courses in eight high schools, as follows: Boston Technical High (printing). Brighton (automobile mechanics), Charlestown (electricity), Dorchester (woodwork and upholstery), East Boston (machine shop), Hyde Park (machine shop), Jamaica Plain (agriculture), and South Boston (sheet metal and auto body).

FRANKLIN INSTITUTE OF BOSTON, 41 Berkeley Street

LOUIS J. DUNHAM, JR., *Director*

The Franklin Foundation is incorporated under Chapter 569 of the Acts of 1908, a board of citizens being named therein to act for the City in the control of the Franklin Fund and in maintaining the Franklin Institute of Boston as an independent technical institute for adults.

The Franklin Fund is the proceeds of a bequest of one thousand pounds to "the Inhabitants of the Town of Boston in Massachusetts" made by Benjamin Franklin, in a codicil to his will dated June 23, 1789. The codicil provided that the fund "if accepted by the Inhabitants of the Town of Boston" be managed "under the direction of the Select Men, united with the Ministers of the oldest Episcopalian, Congregational and Presbyterian Churches in that Town," who were to make loans on certain conditions to "young married artificers, under the Age of twenty-five years."

Dr. Franklin, who died April 17, 1790, calculated that, in one hundred years, the thousand pounds would grow to one hundred and thirty-one thousand pounds "of which," he says, "I would have the Managers then lay out at their discretion one hundred thousand Pounds in Public Works which may be judged of most general utility to the Inhabitants . . . The remaining thirty-one thousand Pounds I would have continued to be let out on interest in the manner above directed for another hundred years . . . At the end of this second Term, if no unfortunate accident has prevented the operation the sum will be Four millions and Sixty-one thousand Pounds Sterling, of which I leave one Million sixty-one Thousand Pounds to the Disposition of the Inhabitants of the Town of Boston, and Three Millions to the disposition of the Government of the state, not presuming to carry my views farther." The Town accepted the donation at a Town Meeting held June 1, 1790.

A futile suit brought by the Franklin Heirs in 1891 prevented the division of the fund at the expiration of one hundred years; but on January 17, 1894, by direction of the three ministers and the Board of Aldermen of the City, which board claimed to be the successors of the "Selectmen", \$329,300.48 ($\frac{1}{3}$ of the fund) was paid to the City Treasurer, for "the purchase of land and the erection thereon of the Franklin Institute of Boston and for the equipment of the same." Owing to a series of complications the money remained in the custody of the Treasurer. Mayor Collins, in 1902, caused a petition of the City to be filed in the Supreme Judicial Court, praying for instructions as to the authority of the persons then acting as Managers of the fund. The Court rendered

an opinion November 25, 1903 (184 Mass. 373) to the effect that the three ministers were Managers of the fund under Franklin's will, but that the Aldermen did not succeed the "Selectmen" as Managers and had no powers with reference to it. The Court, under its general power to care for public charitable funds, appointed, on March 16, 1904, nine Managers to take the place of the "Selectmen" and provided in the decree of the Court, that the Mayor of Boston should be one, *ex officio*. Successors to the other eight are appointed by the Court. In 1908 the Franklin Fund Managers were incorporated as The Franklin Foundation by the special act already referred to which was clarified by amendments in 1927 and 1953. In 1931 the Court held the incorporation to be constitutional, since it did not change the composition or duties with respect to the Franklin Fund of the Board of Managers, and answered various questions which had been raised (276 Mass. 549).

On December 2, 1905, the City Treasurer received from Mr. Andrew Carnegie \$408,396.48, said sum being equal to the amount of the expendable portion of the Franklin Fund in August, 1904, which Mr. Carnegie agreed to duplicate.

On November 17, 1927, \$100,000 was received by the Foundation from the estate of the late James J. Storrow, the income to be used for maintenance of Franklin Institute of Boston.

In 1906 the City appropriated \$100,000, raised by a 20-year loan, to purchase a building site of about 16,000 square feet at the corner of Appleton and Berkeley Streets. On January 31, 1907, the amount available to be "laid out" by the Managers was \$438,741.98 and in that year the Franklin Union Building was erected and equipped at a cost of \$438,528.80. It was opened in September, 1908, as a Technical Institute to train young men and women for positions of supervision in industry. In 1941 the name was legally changed to Franklin Technical Institute. In 1957, the Board of Collegiate Authority of the Commonwealth of Massachusetts voted to confirm the action of the Members of the Franklin Foundation to confer the Degree of Associate in Engineering upon qualified graduates of the Institute.

In 1961, the name of the school was again changed to Franklin Institute of Boston. It is maintained partly by tuition fees (\$648,086 for the fiscal year 1969), and income from the previously mentioned funds (*i.e.*, the Andrew Carnegie donation and the Storrow bequest). The Franklin Union Building contains 11 classrooms, 4 drafting rooms, 2 shops and 8 laboratories. There is also an auditorium with a seating capacity of 927.

A second building, acquired in 1960 at 4 Appleton Street, contains 4 classrooms, 2 laboratories, 1 shop and 2 offices. A third building, acquired in 1965 at 439-441 Tremont Street, contains 5 classrooms, 4 laboratories, 1 shop and 3 offices. Five hundred (500) adult students received instruction at evening sessions and 800 in day courses during the school year of 1969.

The Franklin Fund (Second Part) will become available in 1991.

GEORGE ROBERT WHITE FUND

KEVIN H. WHITE, Mayor, *Chairman*

GABRIEL F. PIEMONTE, *President*, Boston City Council

JOHN F. FITZPATRICK, City Auditor

WILLIAM J. SPEERS, JR., *President*, Boston Chamber of Commerce

HASKELL COHN, *President*, Bar Association of the City of Boston

JAMES J. WALSH, *Manager*

The late George Robert White, who died in Boston, January 27, 1922, left the residue of his estate to the City of Boston to be held as a permanent charitable trust fund, "the net income only to be used for creating works of public utility and beauty, for the use and enjoyment of the inhabitants of the City of Boston."

The control and management of the fund is in the hands of a board of five trustees, consisting of the Mayor as Chairman, the President of the City Council, the City Auditor, the President of the Boston Chamber of Commerce and the President of the Bar Association of the City of Boston.

At a meeting of the Trustees held on Tuesday, April 5, 1938, it was unanimously voted that the services of a paid Manager be engaged. In accordance with this vote the custody care, control and management of the George Robert White Fund is now in the hands of a Manager; all legal matters are attended to by the Corporation Counsel; all financial disbursements and investments are in the hands of the Collector-Treasurer; all collections and receipts are handled by the Collector-Treasurer; and the examination of all bills and demands rendered against the Fund, together with the approval of all expenditures and the auditing of all accounts, rests with the City Auditor.

Health Units have been provided at Baldwin Place and North Margin Street in the North End, at Paris and Emmons Streets, East Boston, at Dorchester and West Fourth Streets, South Boston, at Blue Hill Avenue and Savin Street, Roxbury, at High and Elm Streets, Charlestown, at Blossom and Parkman Streets, West End, at Whittier and Hampshire Streets, Roxbury, at Central Avenue, Hyde Park, and at Blue Hill Avenue and Harvard Street, Dorchester, in the hope of being able, by proper instruction, to better the living and health conditions of the communities in the congested districts.

A Prado has been established at Hanover and Unity streets in the North End, to provide an open air space for the residents of the North End. In 1935, the Trustees voted to change the name of the Prado to Paul Revere Mall.

In the spring of 1936 the Trustees voted to establish a wading pool and locker building in the yard in the rear of the Whittier Street Health Unit, Roxbury. The wading pool and locker building have since been in full operation for the use and enjoyment of the inhabitants of the City.

In the summer of 1936 the Trustees voted to have thirteen memorial bronze tablets fabricated and placed in the walls of the Paul Revere Mall in the North End. The inscriptions to be placed on these tablets involved considerable research work and as a consequence these tablets were not completed until the summer of 1940. This was done as an improvement to the Mall.

On January 27, 1940, the Trustees voted to purchase an equestrian statue of Paul Revere — made by Cyrus E. Dallin, sculptor — to be placed in the Paul Revere Mall in the North End, as an addition and further improvement in accordance with provision of the will.

On September 22, 1940, the Trustees dedicated the thirteen bronze tablets and the statue of Paul Revere at the Paul Revere Mall in the North End.

In the summer of 1941 the Trustees voted to establish a number of play spaces, fully equipped, in various sections of the City from the Income of the Fund, for the use and enjoyment of children under 12 years of age. It was voted to establish the first four play spaces at the following locations:

Pitts and Hale Streets, in the West End
 London and Decatur Streets, in East Boston
 Troy and Rochester Streets, in the South End
 King and Roxbury Streets, in Roxbury

This chain of play spaces consists of the most modern architecture: wading pools, play-yard equipment, concrete seats, concrete sandboxes, etc., and is a great asset to the City.

Starting in the spring of 1946 and ending in the fall of 1949 the Trustees of the Fund voted to establish the following projects from the Income of the Fund:

Health Unit at Central avenue and Elm street, Hyde Park
 Health Unit at Blue Hill avenue and Harvard street, Dorchester
 Swimming Pool, Diving Pool and Locker Building, Doherty Heights, Charlestown
 Schoolboy Stadium in Franklin Park
 War Memorial Center in the Fens
 Swimming Pool, Diving Pool and Locker Building, Commercial street, North End Park
 War Memorial Veterans Section, Mt. Hope Cemetery

The Boston Housing Authority was established by the Mayor and the City Council, in October of 1935, in accordance with the provisions of the Housing Authority Law of the Commonwealth.

Five members of the Authority, each appointed for a term of five years, guide and act on local agency policy.

Four of these members are appointed by the Mayor with the approval of the City Council. The Commissioner, Department of Commerce and Development, appoints one member. As the terms of the members expire, successors are appointed by the same appointive powers for terms of five years.

The objective of the public housing program administered by the Boston Housing Authority is to provide low-rent housing for low-income families and for elderly people of limited income.

To insure this purpose, the Authority has established specific policies governing eligibility both for admission to and continued occupancy of all its public housing developments.

Housing developments are built and operated either with federal or state financial assistance. The federal program dates back to the initial occupancy of the Mary Ellen McCormack Houses in May of 1938. State legislation, in 1948, initiated the state-aided program.

The Boston Housing Authority has, under management, 15 federally-aided and 10 state-aided developments for low-income families.

Also under management, in its program of specialized housing for the elderly, are nine federally aided and two state-aided developments.

The location and number of dwelling units of both these housing programs are noted in the following tables.

The Boston Redevelopment Authority, established in accordance with General Laws, Chapter 121, as amended by Chapter 150, Acts of 1957, has the sole responsibility for urban renewal activities in the City of Boston.

The Authority was organized in September 1957 and received its certificate of organization from the Secretary of the Commonwealth on October 4, 1957.

Under the provisions of the Housing Act of 1949, as amended, the Federal Housing and Urban Development Department is authorized to enter into contracts with local redevelopment authorities to finance slum clearance, urban renewal projects and open space, urban beautification and other programs designed to prevent the spread of urban blight through rehabilitation and conservation measures and to improve the quality of the urban environment. The most common form of urban renewal financing is one in which the local government provides one third of the net cost of undertaking a project and the Federal Government provides the other two thirds.

Amendments of Chapter 121 of the General Laws provide authority for local communities to carry out urban renewal without Federal aid.

Under Chapter 652, Acts of 1960 (Mass. Gen. Laws, Chapter 121A), the City Planning Board was abolished and all its staff transferred to the Authority. The functions, duties and responsibilities for general city planning and development were merged into one agency, the Boston Redevelopment Authority.

The Authority is currently engaged in a number of projects in various stages of planning and execution. A brief description of major projects approved by the Authority as of December 31, 1966, is detailed below:

Government Center Project, UR Mass. R-35. The plan for the 60-acre Government Center Project in Downtown Boston has received wide acclaim for its high level of design, and its execution represents approximately \$230 million in public and private investment. Construction is currently proceeding on the new City Hall, which will be the focal point for the center, and the 7-acre Plaza surrounding it is underway. Construction is completed on the second phase of One Center Plaza, an 8-story private office and retail facility. The third phase will be underway early

in 1968. The 2000-car parking garage in Haymarket Square and two out of three buildings of the State Service Center complex are under construction. The 40-story New England Merchants Bank Building on Parcel 8 is under construction, and the new consolidated Police Station is nearing completion. In the Bowdoin Square area, construction is underway for a new post office-office building, and a building for WNAC-TV, and plans are completed for the St. Botolph Roman Catholic Chapel and an additional office building in the same general area of Parcel 2. The Oriental Tea Shop has opened in the restored Sears Block, and construction of the City Bank and Trust Company is underway. In addition, plans for the development of the Sears Crescent are moving forward to complete the development of Parcel 10. Ground has been broken for the new Jewish Family and Children's Service Building on Parcel 3A. Developers are designated, and plans are moving forward for a 400-room motel on Parcel 7, and a 15-story office building on Parcel 9. The Mayhew School on Hawkins Street will be offered soon for development as a restaurant. The new Government Center MBTA Station is open. In addition, work is underway in three other stations in the area.

Downtown Waterfront-Faneuil Hall Project, UR Mass. R-77. During 1957 the demolition of buildings was continued to make way for the realignment of Atlantic Avenue and the preparation of development sites in the State Street-India Wharf area. Construction of the new \$4.5 million Aquarium Building on Central Wharf continued and is expected to open in the summer of 1968. Final plans for the development of a high-rise apartment tower-parking garage complex in the India Wharf area are near completion. Plans for various rehabilitation projects involving Commercial and Lewis Wharf buildings were made ready for construction in 1968. The \$7 million produce market is nearing completion in Chelsea-Everett so that the produce dealers would be able to relocate in the first quarter of 1968. Plans were completed for the new \$11 million meat market facility in the South Bay area with expected construction to be in March of 1968.

Central Business District, UR Mass. R-82. During 1966, acquisition of the properties approved under the Early Land Program was completed, except for a small parcel in Park Square. Construction began on one of the Early Land parcels for a combination 900-car garage and department store to be occupied by Raymond's, displaced by Early Land Acquisition and temporarily relocated into another downtown acquired property. Necessary legislation was enacted by the Commonwealth of Massachusetts paving the way for the Mass. Port Authority to undertake a major development in the South Station area. The Boston Five Cents Savings Bank was designated as developer of a third Early Land parcel, adjacent to their present building, and Filene's indicated an intent to develop a fourth parcel, adjacent to their existing complex. Demolition of the two acquired properties on Boylston Street, damaged by explosion, was completed. Planning continued on the over-all plan for the Central Business District.

Washington Park Project, UR Mass. R-24. Major emphasis in the 502-acre Washington Park Project is being placed on housing, particularly conservation and rehabilitation of existing dwelling units. More than 1600 units of new low-to-moderate rental housing are proposed. By

the end of 1967, 843 units of new private moderate housing were completed and occupied, and an additional 297 units were under construction. With respect to the rehabilitation of existing structures, private investment in home improvement came to \$10.6 million, and involved 995 structures comprising 3,865 units. Construction was completed in 1967 on 2 small parks. These outdoor recreational facilities added to the already completed Ellis School playground, Walnut Street tot lot and a refurbished Horatio Harris Park. The new Roxbury Boys' Club is nearing completion and will soon join the already completed YMCA to provide much needed indoor recreational facilities. The Metropolitan District Commission skating rink and swimming pool went into construction in 1967 and it is anticipated that the swimming pool will be open for use this summer. More than \$3.4 million has been invested in underground utilities, street work, and other public improvements.

South End Project, UR Mass. R-56. In June, 1966, the Federal Government approved the urban renewal plan for this 6,161-acre area. The rehabilitation of 75% of existing structures is under way. Five hundred units, of a total 3,600 new public and private housing units, are completely occupied in Castle Square. In addition, one hundred units of elderly housing have just been completed by the Boston Housing Authority. Six South End non-profit housing corporations are rehabilitating both private and tax foreclosed properties to provide low income housing. To date 65 units have been completed; the majority have been leased to the Boston Housing Authority. The new wholesale Flower Market is presently under design and construction is expected to begin this year. The plan also features four new elementary and one new junior high school, five new playgrounds, a cultural arts center, a new library and a new community center building with a swimming pool, a new plaza near the Holy Cross Cathedral, a Medical Center development, industrial development sites and traffic and circulation improvements.

Charlestown Project, UR Mass. R-55. In 1965, final approval was received for the 520-acre Charlestown project which is now in execution. In 1966 Federal Certification was received from the Federal Government authorizing the use of federally sponsored mortgage programs to aid homeowners in rehabilitating their properties. Rehabilitation has been completed on 153 dwelling units totaling \$640,000. The plan emphasizes 90% rehabilitation, elimination of the MBTA elevated structure between City and Sullivan Squares, and the construction of 750 new residential units including new homes, moderate rental apartments, and low-rent apartments for senior citizens. Three new elementary schools, two new fire stations, and new recreation areas will be built, and a Community College will occupy the former site of the State Prison. A new library is under design for the Thompson Square area. Traffic improvements and street landscaping will also be carried out.

South Cove Project, UR Mass. R-92. In April 1966, Federal Loan and Grant approval was received for the 96-acre South Cove Urban Renewal area. The Plan proposes to preserve the two major residential neighborhoods in the area: Bay Village and the Chinese community. 600 to 700 new housing units and new community facilities will be built, and several hundred thousand square feet of new commercial floor space, including

an expansion of the entertainment district, will be provided. Improvements in the circulation pattern will facilitate through traffic and route it away from residential streets. During 1967 site clearance for new development began and disposition agreements were signed on the new fire station, and a commercial-residential development. Final plans for construction of the MBTA subway, for the Washington Street reconstruction and for the Bay Village public improvements were completed. Final plans for the first stage Tufts-New England Medical Center and Don Bosco School developments were initiated. Final plans are under way for the moderate income housing development sponsored by the Chinese community. Preliminary plans for the moderate income housing development sponsored by the Massachusetts Housing Association were completed, and preliminary plans for development of several commercial parcels are under way.

Fenway Urban Renewal Project, UR Mass. R-115. In February 1967, Federal approval was obtained from the Department of Housing and Urban Development, for the implementation of the Urban Renewal Plan. The Plan calls for a more concentrated use of institutional land and the elimination of random institutional expansion into adjacent neighborhoods. As a part of the \$80 million Christian Science Church development plan, the "Church Center" development in the vicinity of the Mother Church was begun in 1966. Demolition has been completed and construction of a 24-story office building is under way. The Plan also calls for improvements to the residential-business-cultural center along Massachusetts and Huntington Avenues, including the construction of new retail space and over 2,500 housing units, with special provision for housing for the elderly. Acquisition and relocation activities are scheduled to begin in 1968. 80% of the apartments in the area, which are to be retained, are in the process of being rehabilitated. In addition, a series of street widenings and closings, more adequate parking facilities, park and lighting improvements, are under way. The Fenway Project financing plan provides for a pooling credit of \$6.9 million from institutional expenditures under Section 112 of the National Housing Act, which allows the application of these credits to the financing of other urban renewal projects in the City.

Campus High School Project, UR Mass. R-129. In 1966 the Boston City Council and the Mayor gave approval for the filing of a Survey and Planning Application with the Department of Housing and Urban Development for the 129-acre Campus High School project in the Madison Park section of Roxbury and for an Application for Early Land Acquisition Loan for 57 acres of this area. Plans for the early land area include the construction of a new 5,000-student city-wide Campus High School on approximately 35 acres of land; 400-600 new and rehabilitated housing units and community facilities on 15 acres; and new street construction. An additional 22 acres of the project are to be cleared by the Massachusetts Department of Public Works for the construction of the Inner Belt and Southwest Expressway. Planning studies are currently under way for the remainder of the project area.

West End Project, UR Mass. 2-3. The new West End branch of the Boston Public Library, on Cambridge Street, was completed in 1967.

The Burns Institute of the Shriner's Hospital for Crippled Children, on Blossom Street, was close to completion and scheduled for occupancy in 1968. On the commercial and shopping center on Cambridge Street, construction on a 300-room motel-hotel was started and a nine-story office building opened for occupancy. Of the land designated for residential use, 60% has been completed and occupied, and plans for the development of the remaining area have been submitted for approval.

New York Streets Project, UR Mass. 2-1. Boston's first urban renewal project under Title I of the Housing Act of 1949 was officially completed and closed out in 1964 upon receipt of the final portion of the Federal grant. This 23-acre tract of land had been one of Boston's most decayed residential areas for many years prior to 1955 when the land was acquired, the residents relocated, and the buildings demolished. With the construction of a new street system, 10 new commercial buildings have been erected at a cost of \$10,300,000.

North Harvard Project, UR Mass. R-54. The FHA has allocated the sum of \$3,225,300 of below market interest rate funds for the development of approximately 180 units of moderate income housing in this project area. The housing will be owned by the Committee for North Harvard, Inc., a non-profit corporation composed of local Churches and civic organizations.

Back Bay. The Back Bay private enterprise project, initiated in 1965 as a joint planning effort in cooperation with the City, the Redevelopment Authority, the Back Bay Council, and the Back Bay Planning and Development Corporation completed its planning studies. A Development Plan for the Back Bay was presented to the Back Bay Council July 31, 1967, which voted general approval of the Plan's proposals. In addition to making recommendations for preservation and rehabilitation, traffic, parking and circulation improvements, landscaping improvements to Copley Square (to be undertaken in 1968), Dartmouth Street Mall and Commonwealth Avenue Mall, the plan forecasts over the next decade a total of over \$300 million in new private investment. In support of this forecast 1967 saw the opening of three new Back Bay apartment buildings totaling 600 units and the announcement by John Hancock Life Insurance Company of a \$75 million, 60-story office tower complex at Copley Square.

Prudential Center. During 1967, two 26-story residential towers with a total of 542 apartments were completed and occupied. Construction continued and was substantially completed on a new Lord & Taylor store and on a third apartment tower with approximately 20 units. The Center announced plans for a new Saks Fifth Avenue store with 110,000 square feet of retail space and for a 28-story office building, which will complete the development of this 31-acre site in Boston's Back Bay.

Whitney Street. In 1966, the Authority approved the application of Back Bay Manor Apartments, Inc., to develop under Chapter 121A, the third and last two-acre parcel in the Whitney Project area. Construction is scheduled to start in 1968 on a 20-story building to contain 288 apartments and a three-level, 267-car parking facility.

Tremont-Mason Streets. Tremont-on-the-Common is a 25-story luxury apartment building overlooking the Boston Common, completed in 1966. The FHA insured loan for this development was provided by

local banking institutions and developed under the provisions of Chapter 121A of the General Laws.

Jamaicaway. A non-federally assisted project, the Jamaicaway Development Company, Inc., was created under the provisions of Chapter 121A of the General Laws to develop this 4-acre open site. A 30-story, 262-unit apartment tower with an adjoining garage and 18 two-story town houses have been completed and occupied.

During 1967, the Planning Department of the BRA provided planning support for approved or proposed renewal projects, prepared an application for federal funds for the Model Cities Program, undertook studies funded under the Community Renewal Program, and prepared recommendations to the Zoning Commission and the Board of Appeals. The staff completed major studies on the City's employment characteristics and housing resources and initiated a study of the City's open space and recreational facilities. The staff also prepared a report on the future location of the Boston Campus of the University of Massachusetts. During the year the Planning Department continued to cooperate with the Chamber of Commerce, the 1975 World Freedom Fair Corporation, and the City of Boston in developing a program for the proposed 1975 World Exposition in Boston. The Department also continued its program of historical and architectural research to guide conservation efforts in renewal areas. Renewal planning inputs were provided into various ongoing projects, including Campus High School, Charlestown, The Fenway, and South Cove.

EXECUTIVE SECRETARY

JOSEPH J. BERLANDI — Boston Redevelopment Authority

The Back Bay Residential District was established by a special act of the Legislature for these purposes:

(a) to promote the economic, cultural, educational and general welfare of the public through the encouragement of high design standards for the residential portion of the Back Bay area in the City of Boston;

(b) to safeguard the heritage of the City of Boston by preventing the despoliation of a district in that city which reflects important elements of its cultural, social, economic and political history;

(c) to stabilize and strengthen residential property values in such areas;

(d) to foster civic beauty, and

(e) to strengthen the economy of the Commonwealth and the City of Boston.

The District includes generally both sides of Beacon Street, Marlborough Street and Commonwealth Avenue, from the Public Garden at Arlington Street beyond Massachusetts Avenue to Charlesgate East. The boundaries are defined in the Act as follows:

westerly by the easterly side line of Charlesgate east; northerly by the southerly side line of Back street; easterly by the westerly side line of Embankment road; northerly by the southerly side line of Beacon street; easterly by the westerly side line of Arlington street; southerly by the northerly side lines of the public alleys between Newbury and Commonwealth avenue, from Arlington street to the westerly side line of Massachusetts avenue, said lines being extended across intervening streets and Massachusetts avenue; westerly by the westerly side line of Massachusetts avenue; and southerly by the northerly side line of Newbury street.

In general, no building permit can be issued by the Building Commissioner in the District for construction, reconstruction, alteration or demolition unless:

(1) the Secretary certifies on the building permit application that no exterior architectural feature is involved, or

(2) the application for a building permit is accompanied by a certificate of design approval issued by the Secretary.

No permit can be issued by the Public Improvement Commission to erect a sign, marquee, awning, or other architectural feature protruding from any structure unless the application for such permit is accompanied by a certificate of design approval issued by the Secretary. This Act shall not affect a building permit issued prior to December 6, 1966.

This Act shall not prevent construction or alteration of an architectural feature which is certified as necessary by the Building Commissioner to remedy an unsafe or dangerous condition.

The *commission shall pass only upon the exterior architectural* features of a structure and shall not consider interior arrangements nor the use to be made of the structure.

It is the intent of this act that the commission be strict in its judgment of plans involving substantial new construction or for structures deemed to be valuable according to studies performed on behalf of the city, the board or the commission for said area to determine which structures are of architectural value. It is also the intent of this act that the commission shall be lenient in its judgment of plans for structures of little architectural value except where such plans would seriously impair the architectural value of surrounding structures or the surrounding area.

Owing to conditions especially affecting the structure involved, but not affecting the District generally, the commission may issue a certificate of design approval to avoid substantial hardship to an applicant, where this can be done without substantial detriment or derogation to the purposes of the Act.

Exterior color may be changed, without applying for a certificate of design approval, to any color or combination of colors which the Commission has determined may be used.

“Exterior architectural feature” is the architectural style and general arrangement of such portion of the exterior of a structure as is designed to be open to view from a public street or way, but not such portions as are designed to be open to view only from a public alley, including but not limited to, kind, color, and texture of the building material of such portion, type and design of all windows, doors, lights, signs, and other fixtures appurtenant to such portion, the location and adequacy of vehicular access, if any, and the location and treatment of any parking space for motor vehicles open to view from such public street or way.

The applicant must submit plans to aid the commission in considering:

- (a) the architectural value and significance of the structure and its relationship to the surrounding area.
- (b) the relationship of the exterior architectural features of such proposed structure to the rest of the structure and to the surrounding area.
- (c) the general compatibility of exterior design, arrangement, texture, and materials to be used.
- (d) any landscape features proposed by the applicant.
- (e) any aesthetic or other factor which it deems to be pertinent.

The Commission has five members and five alternates. One member and alternate is selected by the Mayor; other members and alternates are nominated by the four organizations mentioned previously, and appointed by the Mayor. Members serve without compensation.

This organization was incorporated under the laws of Massachusetts on October 25, 1915.

The incorporators were twenty-one in number and included, besides the Mayor, the Corporation Counsel, the City Auditor, City Treasurer, Park Commissioner, the Principal Assessor and fifteen other city employees occupying responsible positions.

Since its incorporation the Credit Union has been functioning for the benefit of the city employee by the promotion of thrift among its members and the loaning of money to members in need of financial assistance. These loans are made at a low rate of interest, saving the borrower from the exorbitant rates charged by loan agencies. During 1969 loans made to members amounted to \$8,942,948.09. Approximately 95 percent of the borrowers have their weekly loan payment deducted from their salary by means of the payroll deduction plan.

The Credit Union at the present time has assets of \$11,046,357.52 and reserves of \$603,347 with 12,300 members, 8,176 of which are borrowers.

Most departments of the City or County government are represented on the board of directors which consists of 21 members. Seven of these directors are elected each year for a three-year term.

SUFFOLK COUNTY COURT HOUSE COMMISSION

Office, Room 318, New Court House

[Stat. 1939, Chap. 383.]

JOHN E. POWERS, *Chairman*, Appointed by the Chief Justice of the Supreme Judicial Court

ANGELO R. MUSTO, Appointed by the Governor

THOMAS S. EISENSTADT, Sheriff of Suffolk County

The Commission chooses its own Chairman and its own Secretary. Its members receive no compensation for their services.

The Commission was established by Special Act of the Legislature, for the care, custody and control of the Suffolk County Court House, and is required to appoint a Custodian and such other officers as it may deem necessary for the proper operation of the building, and to determine their term or terms of service.

The Commission succeeded to the authority given to the Sheriff of Suffolk County over the Suffolk County Court House, in Chapter 525 of the Acts of 1922, and took over the management and control of the Court House upon its completion during 1939, by the Special Commission created under Chapter 474 of the Acts of 1935 for providing additional accommodations and facilities for the Suffolk County Court House.

A thirty per cent contribution by the Commonwealth to the annual costs and charges of maintenance and operation of the Court House began in the calendar year 1939 when the additional Court House enlargements and improvements, made under authority of Chapter 474 of the Acts of 1935, were "substantially completed" and in "actual use," and the remaining seventy per cent is paid by the City of Boston. While the Commonwealth now pays thirty per cent of the operating costs of the Court House, it has taken no part in its operations, other than the exercise of its authority in the make-up of the Commission in charge.

In addition, the jurisdiction, authority, and powers formerly exercised by the Municipal Court of the Roxbury District pertaining to juvenile offenders under 17, and cases of neglected, wayward or delinquent children are now vested in the Boston Juvenile Court.
